Ibrahim Salem

Foreword

We are thrilled to present another segment of the Ibrahim Salem Collection for auction. This offering follows our 2023 auction of Part I of the Ibrahim Salem Collection of Islamic Countries. These specialized offerings are part of a series of collections, with more to follow including United States Bank Notes, and World Peninsulas and Islands. This week, we introduce Parts II and III of the Islamic Countries Collection.

Ibrahim has published a set of books to complement this offering, each painstakingly laid out to illustrate the beauty and history of these collections. The first day of this auction event features Algeria, Gambia, Libya, Mauritania, Morocco, Sudan, Tunisia, and Uganda. Day two is particularly special with a world-class offering of Egypt, where Ibrahim completed his graduate work in architecture. The Egyptian offering includes never issued Proofs, Specimen, and "mockups" for the United Arab Republic, a two-state political union proposing to issue currency.

These catalogs are invaluable resources to the collecting community. Each catalog's descriptions and images become an enduring part of banknote history. They will stand as beacons of historic offerings and aesthetic pieces of art.

Ibrahim's professional life and his passion for collecting are deeply intertwined. As one of Dubai's most accomplished architects, his projects are prominently featured across the city's skyline, becoming part of the region's culture and identity. His drive for creativity in architecture is mirrored in his appreciation for the beauty, geometry, and cultural history found in banknotes.

Ibrahim's contributions to both numismatics and the broader world are immense. In 2012, he was honored with the Al Hussein Medal of Merit first class by His Majesty King Abdullah II of Jordan. His support extends to the International Bank Note Society, along with numerous research articles and his comprehensive two-volume work, "Banknotes of Destiny," reflecting his 40 years of collecting. He is a life member of the IBNS and participates in several esteemed organizations, including the American Numismatic Association, Canadian Paper Money Society, and Society of Paper Money Collectors.

Ibrahim's generous hospitality is well-known in the numismatic community. He has hosted dinners at our cherished Valkenburg shows, and many collectors and dealers have enjoyed his and his wife Areej's hospitality in Dubai. Whether you have been his guest at dinners or at his home or have added one of his carefully curated notes to your collection, you have benefited from his hospitality and lifelong numismatic endeavors.

Foreword

Ibrahim Salem is not just a dear friend but also one of the most distinguished architects in the Gulf. We first crossed paths over 20 years ago at the Maastricht Coin Show, and since then, our friendship has blossomed into a close and cherished bond. Ibrahim's passion for collecting has always astounded me, and he is without a doubt the finest collector I have ever known.

During a visit to his home in Dubai, I was utterly impressed by his collection. His home, a unique museum in itself, showcases his dedication to acquiring the best and most unique pieces. Over the years, he has bought some of the finest items from my collection, especially those from Libya, Egypt, and Iraq.

Now, Ibrahim is offering a significant portion of his collection through Heritage, a major auction house that I deeply trust. This is an incredible opportunity for collectors to acquire pieces from one of the best-curated collections in the world. The demonstration of these lots will be held in Maastricht, bringing our journey full circle.

I am truly blessed to know Ibrahim and have him in my life. His passion for collecting and his dedication to the preservation of history through his collections are truly inspiring. I wholeheartedly recommend keeping an eye on his upcoming auction lots – you won't be disappointed.

Acknowledgment

The team during cataloging

I am obliged to thank many decent individuals and institutions who assisted me through the years in compiling this collection. Yes, years, more than forty-five years. It was a long but enjoyable journey of challenges, travel, communication, auctions, and paper money shows.

I am obliged to thank my wife, Areej, who was my companion through this long trip to build up this unique collection. Her patience, support, and encouragement were my backup, and it may have been impossible for me to achieve without her. She deserves a lot and unlimited thanks. I thank several banknote auction houses, some of but not limited to Spink, Heritage, Lyn Knight, and others.

When the decision was made that I had to release my collection to be auctioned, my dearest fellow friends and collectors convinced me to archive my collection before I catalog it for sale. In particular, many thanks to my friend Raphael Dabbah, who did the best in this draft of the archival book. Also, my friend Dustin Johnston, the Vice President and Managing Director of Heritage Auctions. A special thanks to Mr. Barnaby Faull, the former director of the banknote department at Spink UK.

If this book presentation is appreciated and well received, my talented artist colleague Nedaa Elias should be thanked. He was always my right hand in graphic design and artistic presentations. He has all the patience to adhere to my comments or suggestions and develop the best scenario to present. Thank you very much, dear Nedaa.

Not to forget my office colleagues, particularly Mr. Virgilio Viernes and Mrs. Angie Salvador, who helped me tirelessly to complete this mission successfully.

PERSONAL MESSAGE

In my previous auction of The Ibrahim Salem Collection of Islamic Countries, Part I, which took place in Dallas, USA, in November 2022, I didn't sell Arab Countries. It was mainly for non-Arab countries like Turkey, Persia, Afghanistan, Bangladesh, Brunei, Indonesia and others.

In this auction, I offer Islamic ARAB mainly in addition to Gambia and Uganda. It took me a long time to decide to sell my Arab countries. In this auction, you can find all Arab North Africa and Sudan in one session and one catalog that took one year to prepare. Heritage will auction all these countries' banknotes on October 24, 2024, under The Ibrahim Salem Collection of Islamic Countries, Part II.

Egypt banknotes, a unique collection, will also be sold by Heritage the following day, October 25, 2024, under The Ibrahim Salem Collection of Islamic Countries, Part III. Both auction numbers are 4050.

Next year, there will be two auctions, one for Syria and Lebanon and the other for Arabian Gulf countries, including Yemen.

It is not easy emotionally to sell such a collection, and I built it up over four decades with a lot of effort. But the time has come to let it go and find another home that appreciates such artistic material. It took us one and a half years to compile this collection and classify these two catalogs in your hands.

I want to thank all who helped me in this meeting, starting with Mr. Raphael Dabbah, Engineer Magdi Hanafy, Mr. Nedaa Elias, Dr. Ali Mehilba, and Dustin Johnston, the Vice President and Managing Director of Heritage, USA.

As you can see below, I printed archival books to keep my legacy and to remember this collection. These books can be ordered from Heritage, Dallas, USA. (www.ha.com). I hope you like the catalogs as well. Enjoy.

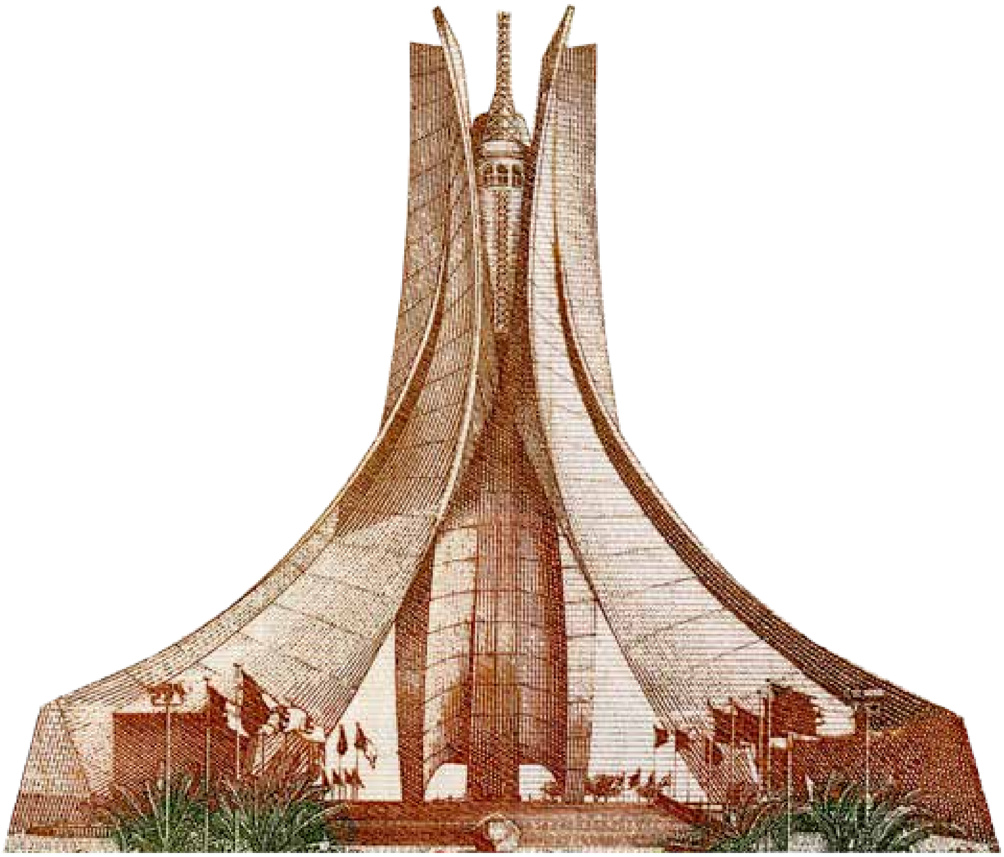
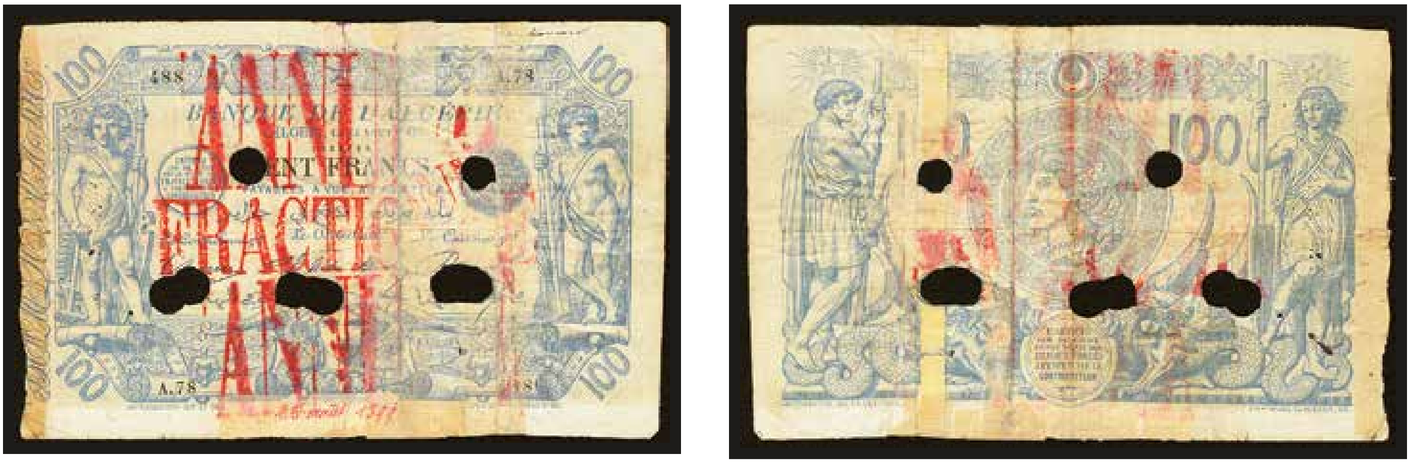
Algeria



SESSION ONE

1866 - 1877 Issue



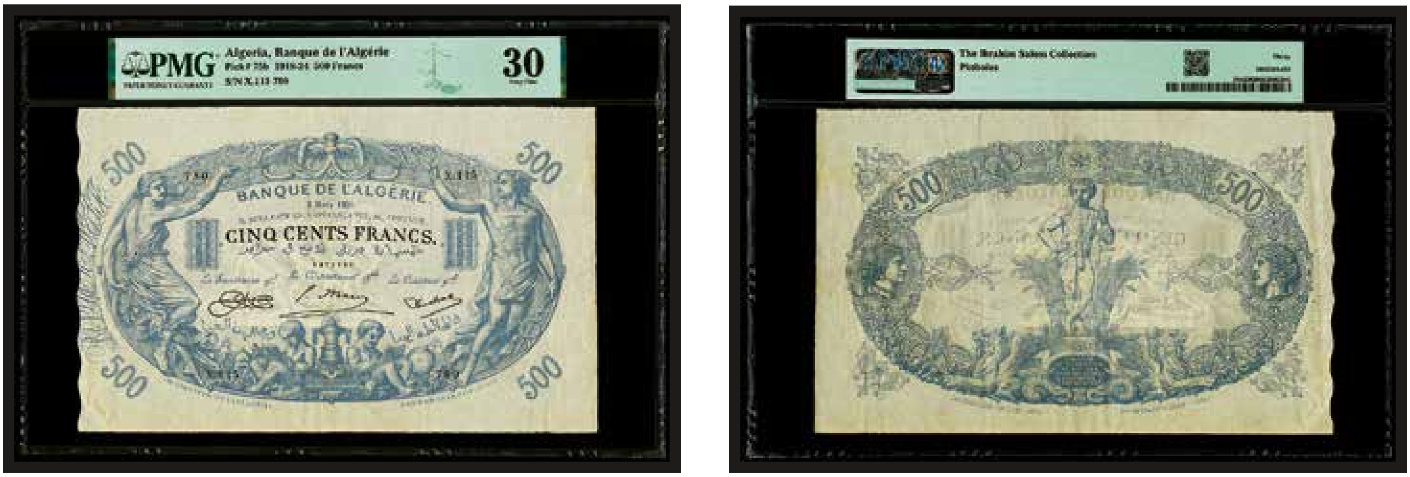
24001 **Algeria** Banque de l'Algerie 100 Francs 4.8.1895 Pick 18 Issued Cancelled Banknote **Good-Very Good**.

Algerian banknotes from the 19th-century are rarely seen today, and that is especially true for higher denominations. This incredible 100 Francs is an amazing survivor from this rarely seen issue. As can be seen, it has been split and repaired in multiple places, with typical pinholes also seen. This note was overprinted and punch cancelled, possibly due to the tears and repairs. It was previously mounted. Nevertheless, no matter the technical grade, this extremely rare issued survivor is the first of this type we have offered and worthy of consideration as such.

Refer to IS North Africa, p. 19.

From The Ibrahim Salem Collection

Starting Bid: $500



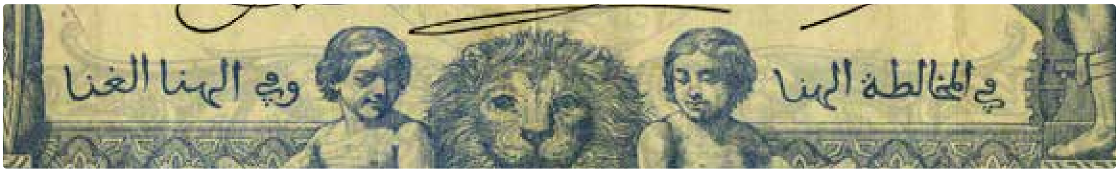
24002 **Algeria** Banque de l'Algerie 500 Francs 3.3.1924 Pick 75b **PMG Very Fine 30**.

A delightfully crisp and original banknote is offered here, examples of which are generally scarce in any grade. Typical pinholes are mentioned for accuracy, but otherwise, this piece displays quite impressively for the type. At the time of cataloging, PMG has graded a mere seven examples, across dates from 1918 to 1924.

Refer to IS North Africa, p. 20.

From The Ibrahim Salem Collection

Starting Bid: $750



Researcher's note: The Arabic text on the 500 and the 1000 Francs was unusual since it has no actual essential meaning value. The French colonial influence inserted such a text for the Algerian to be convinced for the French occupation advantage. The translation of the sentence to the English language is: By integration you get wellness and by wellness you get richness. What a primitive way of convincing!
In Arabic: في المخالطة الهنا و في الهنا الغنا.

Researcher's note: The text at the lower margin is Arabic version from The Holy Quran, the translation of it, is: By name of the Almighty God: Woe to the exaggerated ones, that is, those who reduce their measures and their scales. Generally depicting some of Quran verses is not acceptable on paper money. Although you will see some exceptions like on Libya banknotes.

Goebel Printing, a company with a significant history in the field of high-security printing, was established in Darmstadt, Germany, in the early 20th century. The company specialized in manufacturing high-quality printing presses that were particularly suited for security printing, including the production of banknotes. This test note with the denomination "0000" showcased the security features for the Bank of Algeria to consider a banknote printing contract. Goebel's work is seen on the 2011 and 2018 issues, with a consistent theme of design elements.

A simply incredible offering, this is the first serial number for Gambia's 1 Pound note of the late 1960s. An ordinary note generally, but this example is the most exciting of its type to be offered. Part of a set of Serial Number 1 Gambia notes worthy of serious consideration.

An incredible highest denomination type note. The Gambia's first series of notes would have been rarely seen, except for the small cache discovered decades after issue. This 5 Pound note, however, is not from that hoard. It is the first serial number for the type and is a fantastic Commonwealth note as such. This is the most interesting example of this desirable note offered anywhere to date.

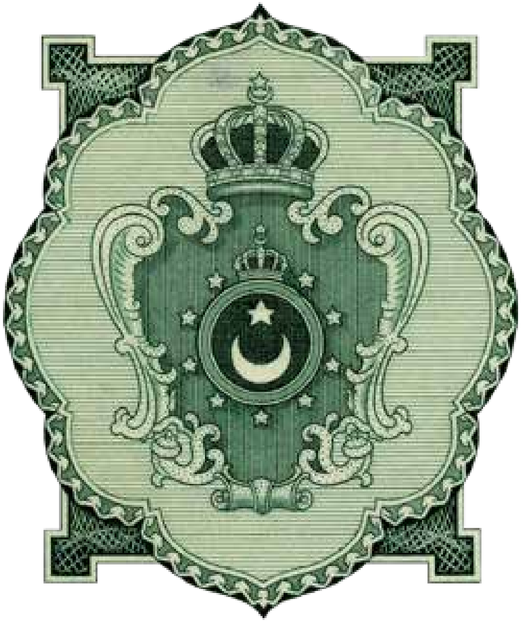
Libya



Military Authority in Tripolitania

British Occupation – WW II

The lira (Arabic ليره, plural lire, abbreviation MAL), officially known as the Military Authority Lira, was the currency of the British zone of occupation (later Mandate Territory) in Libya between 1943 and 1951, and of the province of Tripolitania until early 1952. It was issued by the Military Authority in Tripolitania and circulated together with the Italian lira at par. This situation reflected that of Italy, where the AM-lira was minted by the United States. The Tripolitanian and the Italian lira were replaced in early 1952 by the Libyan pound at a rate of £L1 = 480 MAL.

Government of Libya

Emirate Libya

إمارة ليبيا

The Emirate of Cyrenaica (Arabic إمارة برقة) came into existence when Sayyid Idris unilaterally proclaimed Cyrenaica an independent Senussi emirate on 1 March 1949, backed by the United Kingdom. Sayyid Idris proclaimed himself Emir of Cyrenaica at a 'national conference' in Benghazi. The recognition by the UK failed to influence the attitude of the United Nations, and Britain and France were directed to prepare Libya's independence in a resolution passed on 21 November 1949. The independence of the Kingdom of Libya was declared on 24 December 1951, and on 27 December, Emir Idris was enthroned as King Idris I.

GOVERNMENT OF LIBYA

The title "Government of Libya" and in Arabic "Emirate Libya" was used on the design as the official name of the country was not yet determined. Interestingly, unlike the issued notes, the design includes sceneries, and King Idris was depicted on all denominations.

Die Proof of King Idris

United Kingdom of Libya

المملكة الليبية المتحدة

Notes from this series carry the date 24 October 1951. This is the date on which the law was passed, authorizing the issue of notes by the Libyan Currency Commission. The notes were actually issued in 1955. The first series of notes circulated for three years, after which it was decided to introduce a new series of notes. It is probable that, after three years, a new order of notes was necessary to replace dwindling reserves. The requirement for a new order of notes offered an opportunity to change certain features of the notes. It was now possible to include the details of the new law authorizing the issue of the banknotes, and it was possible to introduce the signatures of two members of the Libyan Currency Commission.

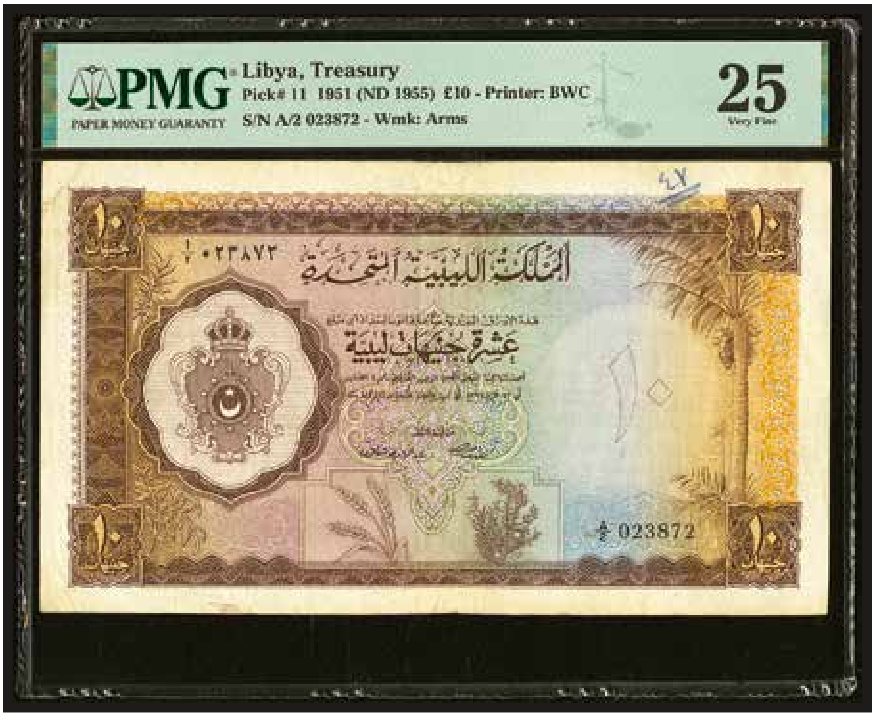
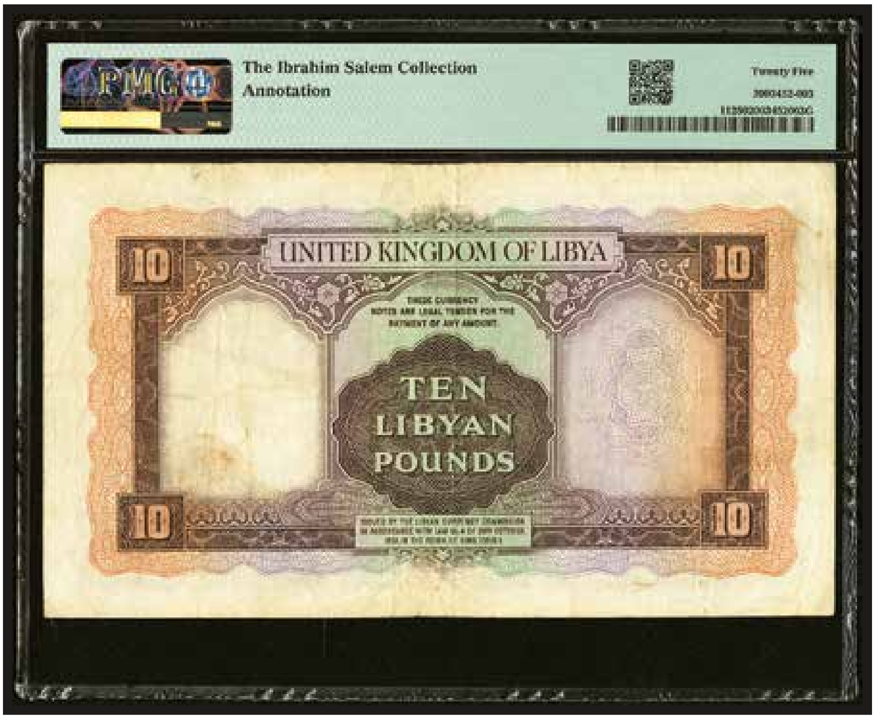
Extremely Rare Libyan Currency Commission 10 Libyan Pounds





24057 **Libya** Treasury 10 Pounds 1951 (ND 1955) Pick 11 **PMG Very Fine 25**.
The first series of notes issued in the United Kingdom of Libya were introduced in or around 1951. The first series' design elements were also used in later series into the 1960s, but make no mistake, this first series emission is extremely rare and may very well be the key note for the country. At the time of cataloging, this note is the single finest of only two pieces currently graded in the *PMG Population Report*. We have not offered this type in issued format in the past. Of the highest degree of rarity for a note issued in the 1950s, an example is missing from many advanced collections. PMG mentions an annotation at front, but otherwise, this note is quite attractive for the technical grade. Not to be overlooked.

A delightful and very rare note, especially in such a high grade, coupled with EPQ status. This was the second highest denomination of the King Idris series, and represented serious spending power in the 1950s. We have not offered an issued example in About Uncirculated grade in the past. At the time of cataloging, this is the second finest example graded in the *PMG Population Report*.

Researcher's note: Most of the Libyan modern banknotes are unusual depicting a verse from The Holy Quran, which is not appreciated in almost Arab and Islamic countries. The verse is translated as: **"And do not consume your wealth among yourselves unjustly"** God Almighty has spoken the truth.

Central Bank of Libya

الجماهيرية العربية الليبية الشعبية الإشتراكية

The Socialist People's Libyan Arab Jamahiriya

1977 – 1986

الجماهيرية العربية الليبية الشعبية الاشتراكية

Researcher's note: This series in all its denominations is one of the worst series issued for the Central Bank of Libya, as all the banknotes issued were almost same green color and confusing to the public.
I have no answer to justify this ridiculous mistake, why the Central Bank of Libya would accept such an unusual and strange mistake, that all the banknotes are same color. Maybe because of General Gaddafi issued his constitutional book which was called "The Green Book"!!!

Researcher's note:

This is the first Series to be issued after the overthrow of the President Muammar Qaddafi who controlled Libya from 1969 to 2011.
The Country name was eliminated from this issue and only The Central Bank of Libya is depicted.
The English language returned to be used at the notes reverse.
The 10 Dinars is available in two distinct types. The first is TDLR production which was neatly done, while the second version of the 10 Dinars was printed by (Francois – Charles Oberthur Fiduciaire). The second print was poorly done. Please refer to the comparison at the end of this listed Series.
For further reading about the life and death of King Idris I, Omer El Mukhtar and Muammer Qaddafi, please refer to Volume 2, Pages 648- 669 of the (Banknotes of Destiny, Fame..Fortune..Fatality) by the researcher; Ibrahim Salem, issued in 2016.

The Arabic text, the people's proclamation of power, was removed from the back of the note. This is also the case for Pick 78A— except the printing for 78A is remarked as low quality. The note also contains a hologram on the left with a crescent and star opposite the portrait of Omar El Mukhtar.

Morocco

Introduction to Morocco

Morocco, Al Maghrib (**المغرب** in Arabic means "The West") has a long history. In 788, about a century after the Arab conquest of North Africa, successive Moorish dynasties began to rule Morocco. In the early eighth century, Arabs led by Tarik Ibn Zeyad conquered Spain and Portugal; the Iberian Peninsula was then called Andalusia. The occupation of Iberia lasted for eight centuries. During this period architecture, art, science, literature, etc. flourished in Andalusia. In 1492, during the rule of Fernando and Isabella, Muslims lost their empire in Andalusia. Muslims and Jews fled to Morocco. Some Jews fled to Bermuda and Latin America. Since the end of the Andalusian era, Spain conquered northern Morocco in 1860, and even today there are two cities; Ceuta and Melilla which are part of the Moroccan soil, and still under Spanish control. In 1912, the French imposed a protectorate over Morocco. A protracted independence struggle with France ended successfully in 1956. That was the start of the era of the free Kingdom of Morocco or Kingdom of Maghrib (**المملكة المغربية**). During the French influence in Morocco, the banknotes printed in France to be used in Morocco were of very poor quality, design, and coloring. The obverse of these notes which depicted Arabic text was done as a graphic which appeared as though someone tried to imitate Arabic text, while all the Latin text at the reverse was perfect. The result (if it was not used for security reasons) looks more like Chinese language with no relation to the Arabic language. This continued until the establishment of Banque du Maroc (Bank Al Maghrib).

I will demonstrate some examples to show the old Arabic text used by French engravers and the proper Arabic readable text which was used later and is still used today.

Sudan

The Siege of Khartoum

Introduction

For more than a century, Sudan — first as a colonial holding, then as an independent country— included its neighbor South Sudan, home to many sub-Saharan African ethnic groups. Prior to the secession of the south in 2011, Sudan was the largest African country, with an area that represented more than 8 percent of the African continent and almost 2 percent of the world's total land area.

Sudan was under the Ottoman Egyptian rule since the rule of the Sultan of Egypt, Muhammad Ali. Later, Ismail Pasha absorbed the European interest in overseas adventures as well as, his grandfather, Muhammad Ali's desire for imperial expansion. He developed imaginative schemes for transforming Egypt and the Sudan into a modern state by employing Western technology.

Ismail Pasha offered the governorship to Englishman, Charles George Gordon in 1874. In 1877, Ismail appointed Gordon Governor-General of the Sudan. When Gordon Pasha, Governor of Sudan, was trying to expel the Egyptian forces out of Sudan in 1884, following the victorious revolution of Al Mahdy there, his forces were besieged in Khartoum. He lacked supplies and money. Under this tough situation, he issued a treasury note, allowing its bearer to collect its value from the treasury in Khartoum or Egypt. This was the first paper money ever issued in Egypt and Sudan.

As per the Bushra Ali's book (Encyclopedia of Sudan Banknotes 1856 – 2012), 1st Edition:
The most important feature of these notes include:

1. They are fabricated from linen fibers and are thicker than the banknotes used nowadays.
2. These notes are written on one side, by hand, and using Chinese ink, they are stamped Gordon Pasha and Gouvernorat General du Soudan in French and Arabic.
3. The size of the paper, for all denominations, is 107 X 63 mm.
4. The current prices of the notes bearing the signature of Gordon Pasha are higher than the ones without. Gordon Pasha ordered the issuing of 168,000 Egyptian Pounds worth of treasury notes. However, he only signed on 50,000 worth, as the forces of Al Mahdi took Khartoum, and he was killed before signing the rest of the issue.

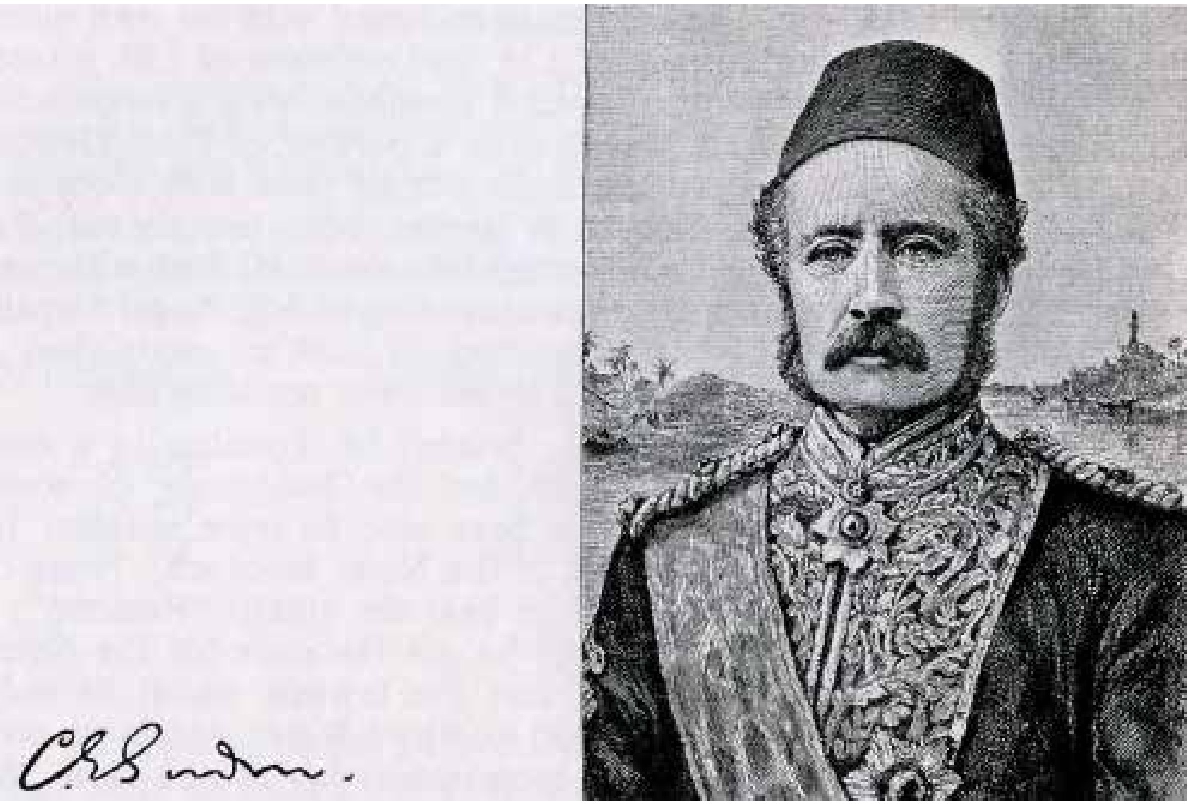

Photo from the article “History of Gordon Note” Part 2, by Martin Parr. IBNS Journal, Volume 12, Issue 2, 1973.

The notes were handwritten by a scribe called “Fadel”, and had the following Formula:
“This sum is accepted and will pay it from the treasury of Khartoum or of Egypt after 6 months of its date, 25 April 1884”. Gordon Pasha.

In this chapter I will present only the notes in my collection. Although all are uniface, I will present the obverse at the top and below it is the reverse, as some of these notes have stamps, annotations, or signatures. The Pick number reference as SCWPM Specializes Issues (Pick S #). The Gordon notes which bear his signature come in two types, the hand signature (Manuscript Signature) is Pick S #a. The second type is (Hectograph Signature) is Pick S #b.

The Italian Occupation WW II, 1940

CASSA MEDITERRANEA DI CREDITO PER SVDAN

Series – Never Issued 1940

Introduction

These notes were prepared for the use in Sudan, after the intended occupation of the country by Italian forces. The issuing authority was the Cassa Mediterranea di Credito per Il Svdan, which was already operating for some years with issued notes in occupied Greece. As it will be elaborated in the book dedicated to Ibrahim Salem collection of Egyptian Paper Money, the same practice was embraced to the future of occupying Egypt.

The series was alike in all three territories other than the currency, which in Greece was the drachma and in the case of Sudan and Egypt it was the Egyptian pound and its division, the piastre. Small denominations featured the bust of Apollo, medium denominations the bust of Emperor Augustus, and the highest denominations the bust of David.

There is no evidence that these notes were used at that time, although the Italian troops entered Sudan in July 1940. Most probably, these notes were done and held in reserve pending the anticipated break-through of Italian and German troops after the capture of Sudan and Egypt.

As per Bushra Ali in his book, Encyclopedia of Sudan Banknotes 1856 – 2012, "After the siege was lifted. A British officer bought these papers for a price lesser than their nominal value, hoping to make a decent profit after their real value from Egyptian treasury. The later refused to pay their value, so he sued the Egyptian government in front of the mixed courts, but he died before resolving the case. The court compensation for part of the value of the papers, which was paid to his inheritors."

This series is only known in specimen form, and it is extremely rare as this specimen series is just five to six known sets in private collections.

During World War II, Italian forces from Eritrea advanced through the Sudanese border city of Kassala with intent to defeat British forces in Sudan. The Cassa Mediterranea di Credito issued notes in Greek Isles, and it was planned to issue notes in Sudan upon an Italian military victory. However, British forces in Sudan were victorious. Consequently, no notes were issued for an Italian Sudan. The 1940 series of notes is known only in Specimen format. A perforated cancellation and solid zero serial numbers are mentioned for accuracy. Of the highest degree of rarity, this is an important relic from the Second World War. Part of a stunning and desirable group offered in today's dedicated auction.

The banknote series for Italian Sudan only available in Specimen format, and even in prototype format, any denomination is exceedingly rare. At the time of cataloging, this is the first and only Specimen graded by PMG. Italian forces in Somaliland and Eritrea attempted to invade Sudan via Kassala on the eastern border, but the advance failed, as British forces maintained control to their colony throughout World War II. As such, this proposed banknote series dated 1940 was never issued; only Specimen exist today. A perforated cancellation is mentioned for accuracy. Part of a small group offered today, this note is worthy of serious consideration as extant examples are nearly impossible to obtain.

A simply incredible, historic, and ultimately unissued type note from World War II. Italian forces in their colonies in East Africa were planning an advance into British-controlled Sudan. During the planning stages, the Casa Mediterranea Di Credito prepared a Specimen set of banknotes dated 1940. However, British forces managed to defeat the Italian advance, and there was no change to the status of Sudan. At the time of cataloging, this is the first and only Specimen of this denomination graded in the *PMG Population Report*. Sudan Currency Board

لجنة العملة السودانية

Series 1956

Introduction

The Republic of Sudan was established as an independent sovereign state on 1 January 1956 upon the termination of the condominium of Anglo-Egyptian Sudan, over which sovereignty had been vested jointly in Egypt and the United Kingdom.

The 1956 issue of the Sudan Currency Board was introduced in April 1957; the Sudanese pound replaced the Egyptian one at par. These notes are almost like the preceding issues (1955), but with a new date, signature, and issuer name on the reverse and without the printer's imprint at the lower center. These variations are shown below for the 25 piastres as an example.

Only the 25, 50 piastres and 1-pound notes are printed at Waterlow & Sons, while the five and 10 pounds are printed at TDLR, UK. Most references could not confirm that these highest two denominations were released into circulation. I do ensure here that both were released into circulation in April 1960.

The 25 piastres were released into circulation in April 1957, while the 50 piastres and the 1 pound were released into circulation on 16 November 1956.

TWENTY-FIVE PIASTRES

The 1956 25 piastres, issued for the Sudan Currency Board.

The Camel Postman

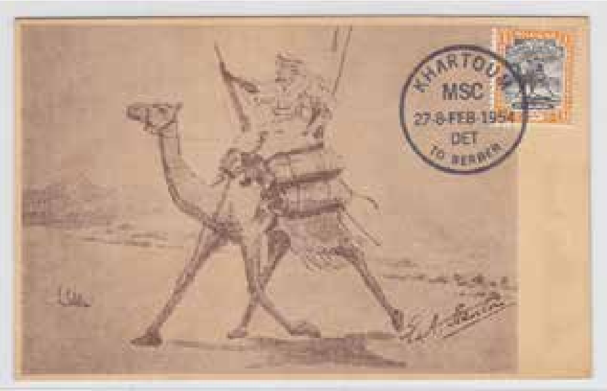
Banknotes worldwide, since the end of the uniface era, started to feature printing on both sides, obverse and reverse. It has become expected that all denominations are varied in images and colors on each side. In some cases, all the denominations have the same color (an example is the second series of the Central Bank of Libya 1980). In several cases, the obverse may be of multiple colors and the reverse in one color. But the reverse of all denominations rarely depicts the same image, such as Palestine banknotes depicting the Tower of David. Another example is the camel postman on the reverse of Sudanese banknotes from 1955 to 1970 issued notes.

The Sudan's camel postman was well-known way before the first banknote issue. This vignette was meant for postal stamps; it goes back 50 years before issuing banknotes.

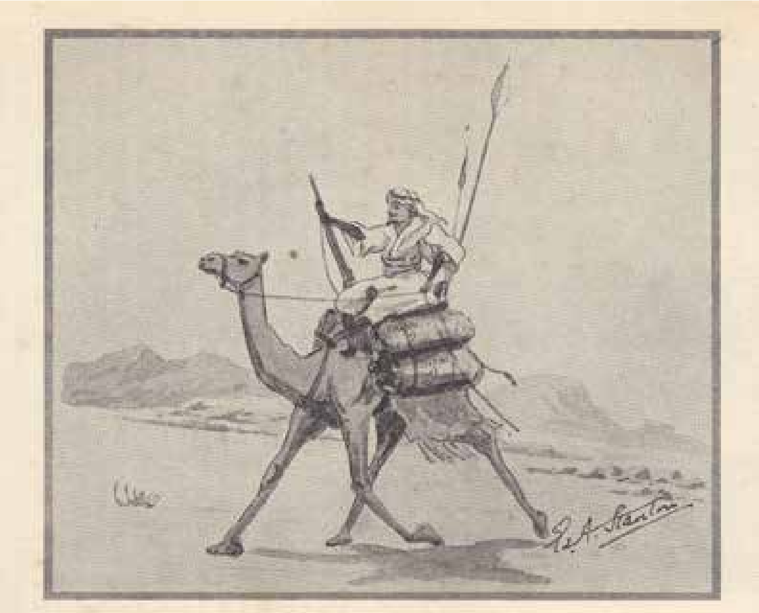
In a short story, around the end of the nineteenth century, Great Britain attempted to overthrow the Mahdist regime of Sudan. At that time, Sudan was under the control of the Al-Mahdi movement, who defeated and killed General Gordon following the Siege of Khartoum in 1884 and 1885. Still, the British had returned and, by the late 1890s, had all but subjugated the country. In charge of the British forces in Sudan was Sir (later Lord) Herbert Kitchener, who called upon the service of Captain (later Colonel) E. A. Stanton to design a postal stamp within five days.

Stanton persuaded the Sheikh of the Howawir to dress up in his war kit and trot around with four straw-filled sacks representing mailbags while the sketch was made. Stanton added the names of "Khartoum" and "Berber", two towns in Sudan, to the mailbags.

Sir Herbert accepted the design, and in March 1898, postage stamps were prepared by Thomas de la Rue (TDLR). That stamp pattern continued for fifty years and was used later in banknotes and coins.



1954 Postcard with a stamp depicting the camel postman.



Original sketch by Colonel E. A. Stanton, C.M.G. (now in the Museum at Khartoum).

A Unique Collection of Composite Essays

ND (1957), Unrecorded & Unadopted

The following unique composite essays were prepared for the Bank of Sudan. All these alternatives were done before the Bank of Sudan's first issue, reflecting Sudan's nature and culture. These composite essays are images of animals, buildings, marine ships, and agriculture machinery.

Bank of Sudan adopted none of these composite essays in the first issue of 1961. Each composite essay was sketched and colored on uniface cardboard in May and June 1957. The printer's archival dates are handwritten on the back, which will be mentioned for each note without showing the blank reverse. Below is just an example as a guide of the obverse and reverse.

One front design and two back designs are offered in this lot, none of which were used on issued banknotes. The design with the helicopter has a paper pull, mentioned for accuracy. Each design is quite pretty and desirable to collectors today.

Series 3, 1981

This series is the first series depicting a presidential image. I call this series (Jaffar Nimeiry Series), and his portrait dominated the obverse of this third series of Bank of Sudan, then on the 1981 Commemorative issue – series 4, and finally on the 1983 – 1984 series 5.

Before I go into the listing of this series, I must give some hints about the biography of President Jaffar Nimeiry, who played a significant role in Sudan and Africa, as well as the relation of Sudan with the Western World and the Eastern communist countries.

J. Nimeiry in military uniform

J. Nimeiry in civilian uniform

Jaafar Muhammad Nimeiry (otherwise spelled in English as Gaafar Nimeiry, Gaafar Nimeiry, or Ja'far Muhammad Numayri; Arabic: جعفر محمد النميري January 1930 – 30 May 2009, was a Sudanese politician who served as the fourth head of state of Sudan from 1969 to 1985, first as Chairman of the National Revolutionary Command Council and then as President.

A military officer, he came to power after a military coup in 1969. Establishing a one-party state, with his Sudanese Socialist Union as the sole legal political entity in the country, Nimeiry pursued socialist and Pan-Arabist policies and close collaboration with Gamal Abdel Nasser of Egypt and Muammar Gaddafi of Libya. In 1971, Nimeiry survived a pro-Soviet coup attempt, after which he allied with Mao Zedong of China and, eventually, with the United States.

In 1972, he signed the Addis Ababa Agreement, ending the First Sudanese Civil War. In his last years in power, he also adopted aspects of Islamism, and in 1983, he imposed Sharia law throughout the country, precipitating the Second Sudanese Civil War. He was ousted from power in 1985 and went into exile in Egypt. He returned in 1999 and unsuccessfully ran in the presidential elections in 2000. Nimeiry died of natural causes in his home in Omdurman - Sudan, on 30 May 2009.

I PROMISE TO PAY THE BEARER ON DEMAND

Legal Tender Banknote

This is the first depicting the word (Sudanese سوداني) in Arabic text next to the denomination on the obverse. The promise to pay the bearer on demand on previous issues to (Legal Tender Banknote) on the reverse, as well in Arabic at the obverse (ورقة نقد قانونية).

Republic of South Sudan

Bank of South Sudan

The South Sudan was always a region of greater Sudan. Most of the population of this region are Christians unlike the north of Sudan. The region was neglected from development after the Sudan independence in 1956. A tough conflict and disagreement between Khartoum, the capital of Sudan and Juba, the capital of South Sudan resulted in two civil wars, from 1955 to 1972 and from 1983 to 2005, in which perhaps 2.5 million people died, mostly civilians due to starvation and drought. An ongoing peace agreement was reached in which the South Sudan was granted a six-year period of autonomy to be followed by a referendum on final status. The result of the referendum held in January 2011 was a vote of 98% in favor of secession. Independence was attained on 9 July 2011.

The southern Sudan Rebel leader, Dr. John Garang de Mabior, became a vice president, during the presidency of Omer Al Bashir on 9 July 2005. In late July 2005, Garang was returning from a meeting in Rwakitura with long-time ally President Yoweri Museveni of Uganda when the Ugandan presidential MI-172 helicopter he was flying in crashed, resulting in Garang's death at the age of 60. Garang's portrait was featured on the obverse of all the denominations of the first series of The Bank of South Sudan. The first series was introduced on 18 July 2011.

24263 **Uganda** Bank of Uganda 100 Shillings ND (c.1971) Pick Unlisted Back Printer's Model **PMG Gem Uncirculated 66 EPQ.**
This interesting and possibly unique Printer's Model features Uganda's Parliament building in Kampala. This design is virtually identical to what was used on the Uganda's first two 100 Shillings banknotes in the 1966 series. Mounted for rigidity and presentation, this Printer's Model is quite excellent and a beautiful design for an African banknote.

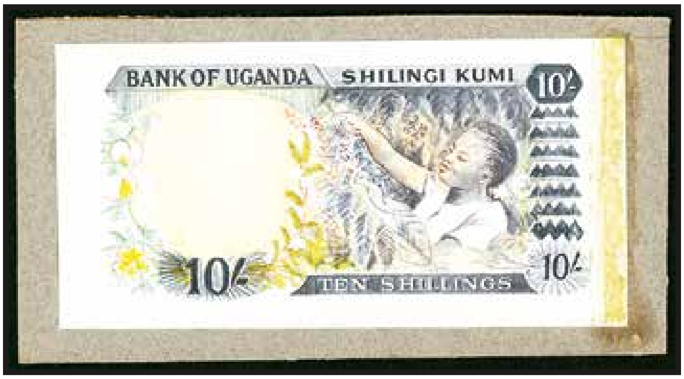
Starting Bid: $500



24262 **Uganda** Bank of Uganda 10 Shillings ND (c.1960s-1970s) Pick Unlisted Back Artist's Rendering **About Uncirculated / Well Preserved.**
Pretty artwork is present on this prototype from the early stages of banknote production. This back design is mounted, and remnants of hinge glue are seen in the left margin. Unique and visually pleasing.

24264 **Uganda** Bank of Uganda 10 Shillings ND (c.1971) Pick 6pm1 Front Model **PMG Choice Uncirculated 64**.
A desirable and possibly unique Printer's Model that is almost identical to the issued banknotes of this denomination released in 1973. The only major difference seen here is the single letter prefix scheme, which was not adopted for issued banknotes. Mounted for presentation and rigidity. Idi Amin portrait notes are increasing in popularity despite the dictator having passed away nearly 20 years ago.

A beautiful back design is seen on this prototype, and thankfully, that design was adopted and used over three banknote series in the 1970s and 1980s. A trio of elephants are seen, along with an Antelope and Hippo. The delicate color schemes are quite pretty. Rare or unique, this is a pleasing and popular African design.

An interesting protype is offered in this lot which may very well be the forefather for the issued banknote cataloged as Pick 9. However, this Printer's Model features a front-facing portrait of dictator Idi Amin, which was not used for the issued banknotes that share the other basic design elements seen here. Very rare or unique and desirable. This model was mounted to cardstock for presentation and rigidity.

Terms and Conditions of Auction

Auctioneer and Auction:

1. This Auction is presented by Heritage Auctions, a d/b/a/ of Heritage Auctioneers & Galleries, Inc., Heritage Auctions, Inc., Heritage Collectibles, Inc., Heritage Luxury Property Auctions, Inc., Heritage Numismatic Auctions, Inc., Heritage Vintage Sports Auctions, Inc., Currency Auctions of America, Inc., Heritage Auctions (HK) Limited, or Heritage Auctions – Europe Cooperatief U.A. as identified with the applicable licensing information on the title page of the catalog or on the HA.com Internet site (the "Auctioneer"). The Auction is conducted under these Terms and Conditions of Auction and applicable state and local law. Announcements and corrections from the podium and those made through the Terms and Conditions of Auctions appearing on the Internet at HA.com supersede those in the printed catalog.

Buyer's Premium:

2. All bids are subject to a Buyer's Premium which is in addition to the placed successful bid. The Buyer's Premium for each Auction is published by Auctioneer in the printed catalog and on the Internet. In addition to the Buyer's Premium, all successful bids placed through third-party platforms including LiveAuctioneers.com, Invaluable.com, or similar third-party platforms shall be assessed a fee of five percent (5%) of the Hammer Price ("Third-Party Platform Fee").

Bidders:

3. Any person participating or registering for the Auction agrees to be bound by and accepts these Terms and Conditions of Auction ("Bidder(s)").
4. All Bidders must meet Auctioneer's qualifications to bid. Any Bidder who is not a client in good standing of the Auctioneer may be disqualified at Auctioneer's sole option and will not be awarded lots. Such determination may be made by Auctioneer in its sole and unlimited discretion, at any time prior to, during, or even after the close of the Auction. Auctioneer reserves the right to exclude any person from the auction.
5. If an entity places a bid, then the person executing the bid on behalf of the entity agrees to personally guarantee payment for any successful bid.

Credit:

6. In order to place bids, Bidders who have not established credit with the Auctioneer must either furnish satisfactory credit information (including two collectibles-related business references) or supply valid payment card information along with a social security number, well in advance of the Auction. Internet bids will only be accepted from pre-registered Bidders. Bidders who are not members of HA.com or affiliates should preregister at least 48 hours before the start of the first session (exclusive of holidays or weekends) to allow adequate time to contact references. Credit will be granted at the discretion of Auctioneer. Auctioneer may, in its sole discretion, require a deposit in good funds of twenty-five percent (25%) of the amount of each bid prior to acceptance of the bid. Additionally Bidders who have not previously established credit or who wish to bid in excess of their established credit history may be required to provide their social security so a credit check may be performed prior to Auctioneer's acceptance of a bid. Settlement via check and immediate delivery of merchandise may also be determined by pre-approval of credit based on a combination of: HA.com history, related industry references, bank verification, a credit bureau report and/or a personal guarantee for a corporate or partnership entity in advance of the auction.

Bidding Options:

7. Auctioneer accepts bids from the Internet, telephone, fax, mail, floor, and HeritageLive! from registered clients.
8. Bids in Signature® Auctions may be placed as set forth in the printed catalog section entitled "Choose your bidding method." For auctions held solely on the Internet, see the alternatives on HA.com. Review at http://www.ha.com/c/ref/web-tips.zx#biddingTutorial.
9. Presentment of Bids: Non-Internet bids (including but not limited to podium, fax, phone and mail bids) and floor bids must be on-increment or at a half increment ("Cut Bid"). Any podium, fax, phone, or mail bids that do not conform to a full or half increment will be rounded up or down to the nearest full or half increment and this revised amount will be considered your high bid.
10. Auctioneer's Execution of Certain Bids. Auctioneer cannot be responsible for your errors in bidding or entry of bids. When identical mail or fax bids are submitted, preference is given to the first received. To ensure the greatest accuracy, written bids should be entered on the standard printed bid sheet and received by Auctioneer at least two business days prior to Auction start. Auctioneer is not responsible for executing mail bids or fax bids received on or after the day the first lot is sold, nor Internet bids submitted after the published closing time; nor is Auctioneer responsible for proper execution of bids submitted by telephone, mail, fax, email, Internet, or in person once Auction begins. Bids placed electronically via the internet may not be withdrawn until your written request is received and acknowledged by Auctioneer (FAX: 214-409-1425); such requests must state the reason, and may constitute grounds for withdrawal of bidding privileges. Lots won by mail Bidders will not be delivered at the Auction unless prearranged.
11. Bid Increments. Bid increments (over the current bid level) determine the lowest amount you may bid on a particular lot. Bids greater than one increment over the current bid can be any whole dollar amount. It is possible under several circumstances for winning bids to be between increments, sometimes only $1 above the previous increment. Please see: "How can I lose by less than an increment?" on our website. Bids will be accepted in whole dollar amounts only. No "buy" or "unlimited" bids will be accepted.

   Current bidding increments during any live auction session or components thereof (e.g. mail/fax bids and LiveProxy bidding) (see HA.com/c/ref/web-tips.zx#guidelines-increments) are:

Current Bid	Bid Increment	Current Bid	Bid Increment
< $10	$1	$10,000 - $19,999	$1,000
$10 - $49	$2	$20,000 - $49,999	$2,000
$50 - $99	$5	$50,000 - $99,999	$5,000
$100 - $199	$10	$100,000 - $199,999	$10,000
$200 - $499	$20	$200,000 - $499,999	$20,000
$500 - $999	$50	$500,000 - $999,999	$25,000
$1,000 - $1,999	$100	$1,000,000 - $1,999,999	$50,000
$2,000 - $4,999	$200	$2,000,000 - $9,999,999	$100,000
$5,000 - $9,999	$500	>= $10,000,000	$200,000

   Note: Half-increment bidding is available prior to the live auction session.

12. If Auctioneer calls for a full increment, Bidder may request Auctioneer to accept a Cut Bid only once per lot. After offering a Cut Bid, Bidder may continue to bid on lot only at full increments. Off-increment bids may be accepted by the Auctioneer at Signature® Auctions. Bids solicited by Auctioneer at other than the expected increment will not be considered Cut Bids.

Conducting the Auction:

13. Notice of the consignor's liberty to place bids on his lots in the Auction is hereby made in accordance with Article 2 of the Texas Business and Commercial Code. A "Minimum Bid" is an amount below which the lot will not sell. THE CONSIGNOR OF PROPERTY MAY PLACE WRITTEN "Minimum Bids" ON HIS LOTS IN ADVANCE OF THE AUCTION; ON SUCH LOTS, IF THE HAMMER PRICE DOES NOT MEET THE "Minimum Bid", THE CONSIGNOR MAY PAY A REDUCED COMMISSION ON THOSE LOTS. "Minimum Bids" are generally posted online several days prior to the Auction closing. Any successful bid placed by a consignor on his property on the Auction floor, by any means during the live session, or after the "Minimum Bid" for an Auction have been posted, will require the consignor to pay full Buyer's Premium and Seller's Commissions on such lot. Auctioneer or its affiliates expressly reserve the right to modify any such bids at any time prior to the hammer based upon data made known to the Auctioneer or its affiliates.
14. The highest qualified Bidder recognized by the Auctioneer shall be the Buyer. In the event of a tie bid, the earliest bid received or recognized wins. In the event of any dispute between any Bidders at an Auction, Auctioneer may at his sole discretion reoffer the lot. Auctioneer's decision and declaration of the winning Bidder shall be final and binding upon all Bidders. Bids properly offered, whether by floor Bidder or other means of bidding, may on occasion be missed or go unrecognized; in such cases, the Auctioneer may declare the recognized bid accepted as the winning bid, regardless of whether a competing bid may have been higher. Auctioneer reserves the right after the hammer fall to accept bids and reopen bidding for bids placed through the Internet or otherwise. Regardless of placed bids, Auctioneer reserves the right to withdraw any lot, or any part of a lot, from Auction at any time prior to the opening of any such lot by the auctioneer (crier), or in the case of Internet-only auctions when the bid opens for either live Internet bidding or the beginning of any extended period.
15. Auctioneer reserves the right to refuse to honor any bid or to limit the amount of any bid, in its sole discretion. A bid is considered not made in "Good Faith" when made by an insolvent or irresponsible person, a person under the age of eighteen, or is not supported by satisfactory credit, references, or otherwise. Regardless of the disclosure of his identity, any bid by a consignor or his agent on a lot consigned by him is deemed to be made in "Good Faith." Any person apparently appearing on the OFAC list is not eligible to bid.
16. Nominal Bids. The Auctioneer in its sole discretion may reject nominal bids, small opening bids, or very nominal advances.
17. Lots bearing bidding estimates shall open at Auctioneer's discretion (generally 40%-60% of the low estimate). In the event that no bid meets or exceeds that opening amount, the lot shall pass as unsold or the Auctioneer may place a protective bid on behalf of the consignor.
18. All items are to be purchased per lot as numerically indicated and no lots will be broken.
19. Auctioneer reserves the right to rescind the sale in the event of nonpayment, breach of a warranty, disputed ownership, auctioneer's clerical error or omission in exercising bids and reserves, or for any other reason and in Auctioneer's sole discretion.
20. Auctioneer occasionally experiences Internet and/or Server service outages, and Auctioneer periodically schedules system downtime for maintenance and other purposes, during which Bidders cannot participate or place bids. If such outages occur, bidding may be extended at Auctioneer's discretion. Bidders unable to place their bids through the Internet are directed to contact Client Services at 877-HERITAGE (437-4824).
21. From time to time, the Auctioneer, its affiliates, or their employees may consign items to be sold in the Auction.
22. From time to time, the Auctioneer, its affiliates, or their employees may place bids on lots in the Auction.
23. The Auctioneer may extend advances, guarantees, or loans to certain consignors.
24. The Auctioneer has the right to sell certain unsold items after the close of the Auction. Such lots shall be considered sold during the Auction and all these Terms and Conditions shall apply to such sales including but not limited to the Buyer's Premium, return rights, and disclaimers.

Payment:

25. All sales are strictly for cash in United States dollars (including U.S. currency, bank wire, cashier checks, travelers checks, eChecks, and bank money orders, and are subject to all reporting requirements). All deliveries are subject to good funds; funds being received in Auctioneer's account before delivery of the merchandise; and all payments are subject to a clearing period. Auctioneer reserves the right to determine if a check constitutes "good funds": checks drawn on a U.S. bank are subject to a ten business day hold, thirty days when drawn on an international bank. Clients with pre-arranged credit may receive immediate credit for payments via eCheck, personal, or corporate checks. All others will be subject to a hold of 5 business days, or more, for the funds to clear prior to releasing merchandise. (Ref. T&C item 7 Credit for additional information.) Payments can be made 24-48 hours post auction from the My Orders page of the HA.com website. Payment via card (Visa, Mastercard, and Discover) will be accepted upon prior approval by Auctioneer. All payments by card will incur a surcharge of 2.5%. Payment by eCheck, wire transfer, or check will not incur a surcharge. This fee only applies to credit transactions, and does not exceed Auctioneer's cost of processing.
26. Payment is due upon closing of the Auction session, or upon presentment of an invoice. Auctioneer reserves the right to void an invoice if payment in full is not received within 7 days after Auction close. In cases of nonpayment, Auctioneer's election to void a sale does not relieve the Bidder from their obligation to pay Auctioneer its fees (seller's and buyer's premium) on the lot and any other damages pertaining to the lot or Auctioneer. Alternatively, Auctioneer at its sole option, may charge a twenty (20%) fee based on the amount of the purchase. In either case the Auctioneer may offset amount of its claim against any monies owing to the Bidder or secure its claim against any of the Bidder's properties held by the Auctioneer.
27. Purchased lots may be subject to taxes or fees imposed by various foreign taxing agencies. Buyer is responsible for paying all foreign imposed taxes whether VAT, GST, etc. prior to delivery unless other arrangements are made in writing. Lots delivered to Buyer, or Buyer's representative are subject to all applicable state and local taxes, unless appropriate permits are on file with Auctioneer. Should state sales tax become applicable in the state for delivery prior to delivery of the property on the invoice, Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. Buyer agrees to pay Auctioneer the actual amount of tax due in the event that sales tax is not properly collected due to: 1) an expired, inaccurate, or inappropriate tax certificate or declaration, 2) an incorrect interpretation of the applicable statute, 3) or any other reason. The appropriate form or certificate must be on file at and verified by Auctioneer five days prior to Auction, or tax must be paid; only if such form or certificate is received by Auctioneer within 4 days after Auction can a refund of tax paid be made. Lots from different Auctions may not be aggregated for sales tax purposes.
28. In the event that Buyer's payment is dishonored upon presentment(s), Buyer shall pay the maximum statutory processing fee set by applicable state law. If Buyer attempts to pay via eCheck and Buyer's financial institution denies this bank account, or the payment cannot be completed using the selected funding source, Buyer agrees to complete payment using your card on file (subject to the surcharge detailed in paragraph 25).
29. If any Auction invoice submitted by Auctioneer is not paid in full when due, the unpaid balance will bear interest at the highest rate permitted by law from the date of invoice until paid. Any invoice not paid when due will bear a three percent (3%) late fee on the invoice amount. If the Auctioneer refers any invoice to an attorney for collection, Buyer agrees to pay attorney's fees, court costs, and other collection costs incurred by Auctioneer. If Auctioneer assigns collection to its in-house legal staff, such attorney's time expended on the matter shall be compensated at a rate comparable to the hourly rate of independent attorneys.
30. In the event Buyer fails to pay any amounts due, Buyer authorizes Auctioneer to charge the Buyer's card on file with Auctioneer in the amount required to pay the invoice in full or sell the lot(s) securing the invoice to any underbidders in the Auction that the lot(s) appeared, or at subsequent private or public sale, or relist the lot(s) in a future auction conducted by Auctioneer. A defaulting Buyer agrees to pay for the reasonable costs of resale (including a 15% seller's commission, if consigned to an auction conducted by Auctioneer). The defaulting Buyer is liable to pay any difference between his total original invoice for the lot(s), plus any applicable interest, and the net proceeds for the lot(s) if sold at private sale or the subsequent hammer price of the lot(s) less the 15% seller's commissions, if sold at an Auctioneer's auction.
31. Title shall not pass to Buyer until all invoices are paid in full. Auctioneer shall have a lien against the merchandise purchased by Buyer to secure payment of any and all outstanding Auction invoices. Auctioneer is further granted a lien and the right to retain possession of any other property of Buyer then held by Auctioneer or its affiliates to secure payment of any Auction invoice or any other amounts due Auctioneer or affiliates from Buyer. With respect to these lien rights, Auctioneer shall have all the rights of a secured creditor under Article 9 of the Texas Uniform Commercial Code, including but not limited to the right of sale (including a 15% seller's commission, if consigned to an auction conducted by Auctioneer). Any Heritage foreclosure auction venue is deemed a reasonably commercial sale. In addition, with respect to payment of the Auction invoice(s), Buyer waives any and all rights of offset he might otherwise have against Auctioneer and the consignor of the merchandise included on the invoice. If Buyer owes Auctioneer or its affiliates on any account, Auctioneer and its affiliates shall have the right to offset such unpaid account by any credit balance due Buyer, and it may secure by possessory lien any unpaid amount by any of the Buyer's property in their possession.

Delivery; Shipping; and Handling Charges:

32. Buyer is liable for all shipping, handling, registration, and renewal fees, if any. Auctioneer is unable to combine purchases from other auctions or affiliates into one package for shipping purposes. Merchandise will be shipped in a commercially reasonable time after payment in good funds for the merchandise and the shipping fees is received or credit extended, except when third-party shipment occurs. Buyer on lots designated for

third-party shipment must designate the common carrier, accept risk of loss, and prepay shipping costs. Buyer agrees that Service and Handling charges related to shipping items which are not pre-paid may be charged to the card on file with Auctioneer (subject to the surcharge detailed in paragraph 25).

33. Successful international Bidders shall provide written shipping instructions, including specified customs declarations, to Auctioneer for any lots to be delivered outside of the United States. NOTE: Declaration value shall be the item'(s) hammer price together with its buyer's premium and Auctioneer shall use the correct harmonized code for the lot.
34. On all shipments in which Auctioneer charges the Delivery, Handling, and Transit Fee *infra*, any risk of loss during shipment will be borne by Auctioneer until the common carrier's confirmation of delivery to the address of record in Auctioneer's file, this is the "Secure Location". A common carrier's confirmation is conclusive to prove delivery to Buyer; if the client has a Signature release on file with the carrier, the package is considered delivered without Signature. Auctioneer shall arrange, select, and engage common carriers and other transportation vendors on your behalf. Transit services are subject to the following terms and conditions:
    a. Scope of Transit Services: Merchandise for transit will be insured under one or more insurance policies issued by an authorized broker to Auctioneer. The merchandise will be insured for the invoice price of the properties (hammer price plus Buyer's Premium) ("Insured Value"). For each shipment, Buyer will provide a Secure Location to which the items will be delivered. NOTICE: **Auctioneer is neither an insurance company nor a common carrier of any type.**
    b. Auctioneer's Compensation for Transit Services: Auctioneer will provide transit services to Buyer for ¾ of 1% of the Insured Value, plus packaging and handling fees and fees for the common carrier (collectively, "Delivery, Handling, and Transit Fee"). Buyer agrees to pay Delivery, Handling, and Transit Fee and comply with all terms of payment as set forth herein.
    c. Auctioneer's Limitation of Liability for Transit Services: Buyer understands and agrees that Auctioneer's liability for loss of or damage to the items, if any, ends when the items have been delivered to the Secure Location, and Auctioneer has received evidence of delivery. Any claim that property has sustained loss or damage during transit must be reported to Auctioneer within seventy-two (72) hours of the delivery date. Any recovery for loss of or damage to any merchandise is limited to the lesser of actual cash value of the merchandise or the Insured Value. **Under no circumstances is Auctioneer liable for consequential or punitive damages.**
35. It shall be the responsibility for Buyer to arrange pick-up or shipping in a timely manner (within 10 days). Merchandise will be subject to storage and moving charges, including a $100 administration fee plus $10 daily storage for larger items and $5 daily for smaller items (storage fee per item) after 35 days. In the event the merchandise is not removed within ninety days, the merchandise may be offered for sale to recover any past due storage or moving fees, including a 25% Seller's Commission.
36. A. NOTICE OF CITES COMPLIANCE: The purchase of items made from protected species: Any property made of or incorporating endangered or protected species or wildlife may have import and/or export restrictions established by the Convention of International Trade in Endangered Species of Wild Fauna and Flora (CITES) in various countries and domestically. Plant and animal properties include (but are not limited to) items made of (or including) Brazilian rosewood, ivory, whalebone, turtle shell, coral, crocodile, alligator, lizard, or other wildlife. These items may not be available to ship internationally or, in some cases, domestically. Domestic bans and restrictions exist in these states: 1) California state law prohibits the importation of any product containing Python skin into the State of California, thus no lot containing Python skin will be shipped to or invoiced to a person or company in California. 2) Fossil Ivory is currently banned or restricted in 5 U.S. states: New York, New Jersey, California, Hawaii, and New Mexico. By placing a bid, the bidder acknowledges that he or she is aware of any restriction in their country or place of residence and takes responsibility for: 1) obtaining all information on such restricted items for both export and import; 2) obtaining all such licenses and/or permits. Delay, failure, or incapacity to obtain any such license or permit does not relieve the buyer of timely payment or afford them the capacity to void their purchase or payment. Lots containing potentially regulated wildlife material are noted in the description as a convenience to our clients. Heritage Auctions does not accept liability for errors or failure to mark lots containing protected or regulated species. For further assistance, please contact client services at 1-800-872-6467.
36. B. California State law prohibits the importation of any product containing Python skin into the State of California. No merchandise containing Python skin will be shipped to or invoiced to a person or company in California.
36. C. Auctioneer shall not be liable for any loss caused by or resulting from:
    a. Seizure or destruction under quarantine or Customs regulation, or confiscation by order of any Government or public authority, or risks of contraband or illegal transportation of trade, or
    b. Breakage of statuary, marble, glassware, bric-a-brac, porcelains, jewelry, and similar fragile articles.
37. Any request for shipping verification for undelivered packages must be made within 30 days of shipment by Auctioneer.

Cataloging, Warranties, and Disclaimers:

38. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY DESCRIPTION CONTAINED IN THIS AUCTION OR ANY SECOND OPINE. Any description of merchandise or second opine contained in this Auction is for the sole purpose of identifying merchandise for those Bidders who do not have the opportunity to view merchandise prior to bidding, and no description of merchandise has been made part of the basis of the bargain or has created any express warranty that merchandise would conform to any description made by Auctioneer. Color variations can be expected in any electronic or printed imaging, and are not grounds for the return of any lot. NOTE: Auctioneer, in specified auction venues, e.g. Fine Art, may have express written warranties and Bidder is referred to those specific terms and conditions.
39. Auctioneer is selling only such right or title to merchandise being sold as Auctioneer may have by virtue of consignment agreements on the date of auction and disclaims any warranty of title to the merchandise. Auctioneer disclaims any warranty of merchantability or fitness for any particular purposes. All images, descriptions, sales data, and archival records are the exclusive property of Auctioneer, and may be used by Auctioneer for advertising, promotion, archival records, and any other uses deemed appropriate.
40. Translations of foreign language documents may be provided as a convenience to interested parties. Auctioneer makes no representation as to the accuracy of those translations and will not be held responsible for errors in bidding arising from inaccuracies in translation.
41. Auctioneer disclaims all liability for damages, consequential or otherwise, arising out of or in connection with the sale of any merchandise by Auctioneer to Bidder. No third party may rely on any benefit of these Terms and Conditions and any rights, if any, established hereunder are personal to Bidder and may not be assigned. Any statement made by the Auctioneer is an opinion and does not constitute a warranty or representation. No employee of Auctioneer may alter these Terms and Conditions, and, unless signed by a principal of Auctioneer, any such alteration is null and void.
42. Auctioneer shall not be liable for damage to frames, frame glass, cases, holders, or third-party grading encapsulations that do not affect the condition of the merchandise presented for auction. Such defects shall not be a basis for return, repair, or reduction in purchase price.

Release:

43. In consideration of participation in Auction and the placing of a bid, Bidder expressly releases Auctioneer, its officers, directors and employees, its affiliates, and its outside experts that provide second opines, from any and all claims, cause of action, chose of action, whether at law or equity or any arbitration or mediation rights existing under the rules of any professional society or affiliation based upon the assigned description, or a derivative theory, breach of warranty express or implied, representation or other matter set forth within these Terms and Conditions of Auction or otherwise. In the event of a claim, Bidder agrees that such rights and privileges conferred therein are strictly construed as specifically declared herein, and are the exclusive remedy. Bidder, by non-compliance to these express terms of a granted remedy, shall waive any claim against Auctioneer.
44. Notice: Some merchandise sold by Auctioneer is inherently dangerous e.g. firearms, cannons, and small items that may be swallowed or ingested or may have latent defects all of which may cause harm to a person. Buyer accepts all risk of loss or damage from its purchase of these items and Auctioneer disclaims any liability whether under contract or tort for damages and losses, direct or inconsequential, and expressly disclaims any warranty as to safety or usage of any lot sold.

Dispute Resolution, Arbitration, and Remedies:

By placing a bid or otherwise participating in Auction, Bidder accepts these Terms and Conditions of Auction, and specifically agrees to the dispute resolution provided herein.

45. Exclusive Dispute Resolution Process: All claims, disputes, or controversies in connection with, relating to, and/or arising out of Bidder's participation in Auction or purchase of any lot, any interpretation of the Terms and Conditions of Sale or any amendments thereto, any description of any lot or condition report, any damage to any lot, any alleged verbal modification of any term of sale or condition report or description, and/or any purported settlement whether asserted in contract, tort, under Federal or State statute or regulation, or any claim made by Bidder of a lot or Bidder's participation in Auction involving the auction or a specific lot involving a warranty or representation of a consignor or other person or entity including Auctioneer {which claim Bidder consents to be made a party} (collectively, "Claim") shall be exclusively heard by, and the claimant (or respondent) and Auctioneer each consent to the Claim being presented in a confidential binding arbitration before a single arbitrator administrated by and conducted under the rules of, the American Arbitration Association. The locale for all such arbitrations shall be Dallas, Texas. The arbitrator's award may be enforced in any court of competent jurisdiction. In the event that any Claim needs to be litigated, including actions to compel arbitration, construe the agreement, actions in aid of arbitration, or otherwise, such litigation shall be exclusively in the Courts of the State of Texas, in Dallas County, Texas, and if necessary the corresponding appellate courts. If a Claim involves a consumer, exclusive subject matter jurisdiction for the Claim is in the State District Courts of Dallas County, Texas and the consumer consents to subject matter and in personam jurisdiction; further CONSUMER EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY. A consumer may elect arbitration as specified above. Any claim involving the purchase or sale of numismatic or related items may be submitted through binding PNG arbitration. A Claim is not subject to class certification.
46. Choice of Law: Agreement and any Claim shall be determined and construed under Texas law. For auctions conducted by Heritage Auctions (HK) Limited, any Agreement and any Claim shall be determined and construed under Hong Kong law.
47. Fees and Costs: The prevailing party (a party that is awarded substantial and material relief on its damage claim based on damages sought versus awarded or the successful defense of a Claim based on damages sought versus awarded) may be awarded reasonable attorneys' fees and costs.
48. Remedies: Any Claim must be brought within two (2) years of the alleged breach, default or misrepresentation or the Claim is waived. After one (1) year has elapsed, Auctioneer's maximum liability shall be limited to any commissions and fees Auctioneer earned on that lot. Auctioneer in no event shall be responsible for consequential damages, incidental damages, compensatory damages, or any other damages arising or claimed to be arising from the auction of any lot. Exemplary or punitive damages are not permitted and are waived. In the event that Auctioneer cannot deliver the lot or subsequently it is established that the lot lacks title, or other transfer or condition issue is claimed, in such cases the sole remedy shall be limited to rescission of sale and refund of the amount paid by Buyer; in no case shall Auctioneer's maximum liability exceed the high bid on that lot, which bid shall be deemed for all purposes the value of the lot. In the event of an attribution error, Auctioneer may at its sole discretion, correct the error on the Internet, or, if discovered at a later date, refund Buyer's purchase price without further obligation. Nothing herein shall be construed to extend the time of return or conditions and restrictions for return.
49. These Terms & Conditions provide specific remedies for occurrences in the auction and delivery process. Where such remedies are afforded, they shall be interpreted strictly. Bidder agrees that any claim shall utilize such remedies; Bidder making a claim in excess of those remedies provided in these Terms and Conditions agrees that in no case whatsoever shall Auctioneer's maximum liability exceed the high bid on that lot, which bid shall be deemed for all purposes the value of the lot.

Miscellaneous:

50. Agreements between Bidders and consignors to effectuate a non-sale of an item at Auction, inhibit bidding on a consigned item to enter into a private sale agreement for said item, or to utilize Auctioneer's Auction to obtain sales for non-selling consigned items subsequent to Auction, are strictly prohibited. If a subsequent sale of a previously consigned item occurs in violation of this provision, Auctioneer reserves the right to charge Bidder the applicable Buyer's Premium and consignor a Seller's Commission as determined for each auction venue and by the terms of the seller's agreement.
51. Acceptance of these Terms and Conditions qualifies Bidder as a client who has consented to be contacted by Heritage in the future. In conformity with "do-not-call" regulations promulgated by the Federal or State regulatory agencies, participation by Bidder is affirmative consent to being contacted at the phone number shown in his application and this consent shall remain in effect until it is revoked in writing. Heritage may from time to time contact Bidder concerning sale, purchase, and auction opportunities available through Heritage and its affiliates and subsidiaries.
52. Rules of Construction: Auctioneer presents properties in a number of collectible fields, and as such, specific venues have promulgated supplemental Terms and Conditions. Nothing herein shall be construed to waive the general Terms and Conditions of Auction by these additional rules and shall be construed to give force and effect to the rules in their entirety.

Additional Terms & Conditions:
COINS & CURRENCY

COINS & CURRENCY TERM A: Signature® Auctions are not on approval. No certified material may be returned because of possible differences of opinion with respect to the grade offered by any third-party organization, dealer, or service. No guarantee of grade is offered for uncertified Property sold and subsequently submitted to a third-party grading service. There are absolutely no exceptions to this policy. Under extremely limited circumstances, (e.g. gross cataloging error) a purchaser, who did not bid from the floor, may request Auctioneer to evaluate voiding a sale: such request must be made in writing detailing the alleged gross error; submission of the lot to the Auctioneer must be pre-approved by the Auctioneer; and bidder must notify Ron Brackemyre (1-800-872-6467 Ext. 1312) in writing of such request within three (3) days of the non-floor bidder's receipt of the lot. Any lot that is to be evaluated must be in our offices within 30 days after Auction. Grading or method of manufacture do not qualify for this evaluation process nor do such complaints constitute a basis to challenge the authenticity of a lot. AFTER THAT 30-DAY PERIOD, NO LOTS MAY BE RETURNED FOR REASONS OTHER THAN AUTHENTICITY. Lots returned must be housed intact in their original holder. No lots purchased by floor Bidders may be returned (including those Bidders acting as agents for others) except for authenticity. Late remittance for purchases may be considered just cause to revoke all return privileges.

COINS & CURRENCY TERM B: Auctions conducted solely on the Internet THREE (3) DAY RETURN POLICY: Certified Coin and Uncertified and Certified Currency lots paid for within seven days of the Auction closing are sold with a three (3) day return privilege unless otherwise noted in the description as "Sold As Is, No Return Lot". You may return lots under the following conditions: Within three days of receipt of the lot, you must first notify Auctioneer by contacting Client Service by phone (877-HERITAGE (437-4824)) or e-mail (Bid@HA.com), and immediately ship the lot(s) fully insured to the attention of Returns, Heritage Auctions, 2801 W. Airport Freeway, Dallas TX 75261. Lots must be housed intact in their original holder and condition. You are responsible for the insured, safe delivery of any lots. A non-negotiable return fee of 5% of the purchase price ($10 per lot minimum) will be deducted from the refund for each returned lot or billed directly. Postage and handling fees are not refunded. After the three-day period (from receipt), no items may be returned for any reason. Late remittance for purchases revokes these Return privileges.

COINS & CURRENCY TERM C: Bidders who have inspected the lots prior to any Auction, or attended the Auction, or bid through an Agent, will not be granted any return privileges, except for reasons of authenticity.

COINS & CURRENCY TERM D: Coins sold referencing a third-party grading service are sold "as is" without any express or implied warranty, except for a guarantee by Auctioneer that they are genuine. Certain warranties may be available from the grading services and the Bidder is referred to them for further details: Numismatic Guaranty Corporation (NGC), P.O. Box 4776, Sarasota, FL 34230, http://www.ngccoin.com/ services/writtenguarantee.asp; Professional Coin Grading Service (PCGS), PO Box 9458, Newport Beach, CA 92658, http://www.pcgs.com/guarantee.html; ANACS, 6555 S. Kenton St. Ste. 303, Englewood, CO 80111; and Independent Coin Grading Co. (ICG), 7901 East Belleview Ave., Suite 50, Englewood, CO 80111.

COINS & CURRENCY TERM E: Notes sold referencing a third-party grading service are sold "as is" without any express or implied warranty, except for guarantee by Auctioneer that they are genuine. Grading, condition or other attributes of any lot may have a material effect on its value, and the opinion of others, including third-party grading services such as PCGS Currency and PMG may differ with that of Auctioneer. Auctioneer shall not be bound by any prior or subsequent opinion, determination, or certification by any grading service. Bidder specifically waives any claim to right of return of any item because of the opinion, determination, or certification, or lack thereof, by any grading service. Certain warranties may be available from the grading services and the Bidder is referred to them for further details: Paper Money Guaranty (PMG), PO Box 4711, Sarasota FL 34230; PCGS Currency, PO Box 10470, Peoria, IL 61612-0470; PCGS Gold Shield, PO Box 9458, Newport Beach, CA 92658. Third-party graded notes are not returnable for any reason whatsoever.

COINS & CURRENCY TERM F: Notes graded by PCGS Currency between February 4, 2009 and January 30, 2019 were graded and authenticated by K3B, Inc. under license from Collectors Universe, Inc. K3B, Inc., now operating as Legacy Currency Grading, has expressed in writing that notes graded under the license during this time period will still be covered by the full written guaranty of PCGS Currency. Warranties may be available from Collectors Universe, Inc. for all PCGS Currency notes graded prior to February 4, 2009.

COINS & CURRENCY TERM G: Since we cannot examine encapsulated coins or notes, they are sold "as is" without our grading opinion, and may not be returned for any reason. Auctioneer shall not be liable for any patent or latent defect or controversy pertaining to or arising from any encapsulated collectible. In any such instance, purchaser's remedy, if any, shall be solely against the service certifying the collectible.

COINS & CURRENCY TERM H: Due to changing grading standards over time, differing interpretations, and to possible mishandling of items by subsequent owners, Auctioneer reserves the right to grade items differently than shown on certificates from any grading service that accompany the items. Auctioneer also reserves the right to grade items differently than the grades shown in the prior catalog should such items be reconsigned to any future auction.

COINS & CURRENCY TERM I: Although consensus grading is employed by most grading services, it should be noted as aforesaid that grading is not an exact science. In fact, it is entirely possible that if a lot is broken out of a plastic holder and resubmitted to another grading service or even to the same service, the lot could come back with a different grade assigned.

COINS & CURRENCY TERM J: Certification does not guarantee protection against the normal risks associated with potentially volatile markets. The degree of liquidity for certified coins and collectibles will vary according to general market conditions and the particular lot involved. For some lots there may be no active market at all at certain points in time.

COINS & CURRENCY TERM K: All non-certified coins and currency are guaranteed genuine, but are not guaranteed as to grade, since grading is a matter of opinion, an art and not a science, and therefore the opinion rendered by the Auctioneer or any third party grading service may not agree with the opinion of others (including trained experts), and the same expert may not grade the same item with the same grade at two different times. Auctioneer has graded the noncertified numismatic items, in the Auctioneer's opinion, to their current interpretation of the American Numismatic Association's standards as of the date the catalog was prepared. There is no guarantee or warranty implied or expressed that the grading standards utilized by the Auctioneer will meet the standards of any grading service at any time in the future.

COINS & CURRENCY TERM L: Storage of purchased coins and currency: Purchasers are advised that certain types of plastic may react with a coin's metal or transfer plasticizer to notes and may cause damage. Caution should be used to avoid storage in materials that are not inert.

COINS & CURRENCY TERM M: NOTE: Purchasers of rare coins or currency through Heritage have available the option of arbitration by the Professional Numismatists Guild (PNG); if an election is not made within ten (10) days of an unresolved dispute, Auctioneer may elect either PNG or A.A.A. Arbitration.

COINS & CURRENCY TERM N: For more information regarding Canadian lots attributed to the Charlton reference guides, please contact: Charlton International, PO Box 820, Station Willowdale B, North York, Ontario M2K 2R1 Canada.

COINS & CURRENCY TERM O: Financing. Auctioneer offers various extended payment options to qualified pre-approved persons and companies. The options include Extended Payment Programs (EPP) Flexible Payment Program (FPP) and Dealer Terms. Each program has its specific terms and conditions and such terms and conditions are strictly enforced. Each program has to be executed by the purchaser. Auctioneer reserves the right to alter or deny credit and in such case these auction terms shall control.

"He was professional, knowledgeable, responsive and exceeded our expectations.

We called 3 national auction houses to compare listing our items, and it was because of Jim (Wolf), that we went with Heritage. I manage five nonprofit entities and we will be referring anyone with specialty auction needs to Heritage from now on. He is an asset to Heritage Auctions."

Ibrahim Salem

Foreword

I had spent my life dedicated to Egypt's numismatic and philatelic, which resulted in the creation of the Encyclopedias of Egyptian banknotes, government currency, coins and tokens, and the Royal Protocol military and Orders. I met Mr. Ibrahim Salem, a lovely and classy gentleman, during my long journey. We became more than friends and had the same interest and eagerness for research. We exchange a lot of data and information. In short, we became one team.

I am honored to write this forward to the auction catalog of Egyptian Banknotes, Ibrahim Salem's most elite collection I have seen before. His collection is simply a treasure and an excellent value for any collector.

Although I am an expert in Egyptian-related matters, I am surprised that Mr. Salem is the man of all countries of the world, not only banknotes but also antiques and collectibles. I wish my brother, the well-known architect who lifts his fingerprint in every corner of Dubai, all the best in this auction of The Ibrahim Salem Collection of Islamic Countries, Part III (The Banknotes of Egypt).

Enjoy his book of Egyptian banknotes and auction catalog, and I wish you good luck.

Acknowledgment

The team during cataloging

I am obliged to thank many decent individuals and institutions who assisted me through the years in compiling this collection. Yes, years, more than forty-five years. It was a long but enjoyable journey of challenges, travel, communication, auctions, and paper money shows.

I am obliged to thank my wife, Areej, who was my companion through this long trip to build up this unique collection. Her patience, support, and encouragement were my backup, and it may have been impossible for me to achieve without her. She deserves a lot and unlimited thanks.

I can't express my thanks to my friend and mentor, Engineer Magdy Hanafy, for all the matters related to Egyptian Banknotes, Coins, Military medals, and Orders. He wrote an Encyclopedia about every topic of each of these subjects.

Thank you to my dear friend and classmate, Professor Dr. Soheir Zaky Hawas, for all the historical data that helped me during Mohamed Ali Pasha until the last day of the Khedivien era, King Farouk, in 1952. A big thank you for my dear friend Dr. Ali Mehilba for his never ending advises for twenty years in Egypt banknotes. I thank several banknote auction houses, some of but not limited to Spink, Heritage, Lyn Knight, and others.

When the decision was made that I had to release my collection to be auctioned, my dearest fellow friends and collectors convinced me to archive my collection before I catalog it for sale. In particular, many thanks to my friend Raphael Dabbah, who did the best in this draft of the archival book. My friend Dustin Johnston is also the vice president and managing director of Heritage Auctions. A special thanks to Mr. Barnaby Faull, the former director of the banknote department at Spink UK.

If this auction catalog presentation is appreciated and well received, my talented artist colleague Nedaa Elias should be thanked. He was always my right hand in graphic design and artistic presentations. He has all the patience to adhere to my comments or suggestions and develop the best scenario to present. Thank you very much, dear Nedaa. My office colleagues, particularly Mr. Virgilio Viernes and Mrs. Angie Salvador, helped me tirelessly complete this mission.

PERSONAL MESSAGE

Egypt, the country I lived in for five years, made me an architect; it is the only profession I still practice. I owe a lot to that country since it is the mother of all Arab countries. I started collecting Egypt when I joined the Faculty of Engineering of Cairo University in 1972. I collected banknotes, stamps, coins, historical maps, and many others.

This auction, catalog number 4050 is handled by Heritage Auctions in Dallas, USA. You will be going through The Ibrahim Salem Collection of Egyptian Banknotes. My Egyptian banknote collection, The Ibrahim Salem Collection of Islamic Countries, Part III, will be sold at this auction.

I have also created an archival book about my collection, and this book archives all my banknotes, even duplicates or triplicates. In addition to the banknotes, I added my Egyptian Stocks and Bonds, which are not for sale. The book could be ordered from Heritage Auctions (www.ha.com).

I want to thank all who helped me in this meeting, starting with Engineer Magdi Hanafy, home of the Encyclopedia of Egypt in all aspects, banknotes, Government currency notes, coins and tokens, and many others. Mr. Raphael Dabbah, Mr. Nedaa Elias, and Dustin Johnston, the Vice President and Managing Director of Heritage, USA.

I enjoyed every banknote in Egypt and wish you good luck in this auction. You may have a lot of unique adopted and unadopted banknotes in addition to many printer archival photographs.

Enjoy Egypt.

The National Bank of Egypt (NBE) was as a British firm founded under the decree of Khedive Abbas Helmy II on 25 June 1898, with a mission to support the Egyptian economy. It was granted a note issuing privilege and as it can be concluded by the following group of photographic essays, the task of notes designs took place immediately.

Researcher's note:
All the following archival photographic essays are not listed in SWPMC or in the Encyclopedia and catalogue of Egyptian money by Eng. Magdy Hanafy, hence it is listed in here as Pick / Hanafy unlisted. Nevertheless, they are being featured in general way in Hanafy's book on pp. 48-49.

25007 **Egypt** National Bank of Egypt 50 Piastres ND (1899) Pick 1s Specimen **PMG Choice Uncirculated 63**.
The unmistakable National Bank of Egypt 50 Piastres of 1899 is one of the most iconic and desirable notes for the country. This offering is interesting and scarce, as it is a Specimen with Color Trial flair on the front. Deep blue colors replace the more subdued tones used for the issued notes. The note has been perforated cancelled. We have never offered this design in Specimen, Proof, or Color Trial format in the past. Incredibly desirable in this format, this piece is a complement to the issued note offered in today's auction.

The Great Sphynx facing front is the iconic motif that endears the rarity to collectors worldwide. Estimates suggest that only 400,000 notes were printed across both signature varieties for this type, which was issued until 1912. Elwin Palmer was the Governor of the National Bank of Egypt from 1898 to 1906, and his signature is seen on a small print run compared to the second signature of Frederick Rowlatt, who presided over the bank from 1906 to 1921. At the time of cataloging, PMG has graded only four Palmer signature 50 Piastres, compared to 19 of the Rowlatt signature variety. This example features a four digit serial number, good colors and paper. A few pinholes and an ink stamp are mentioned for accuracy. The first we have offered and a truly special banknote.

One of the great rarities of North African and Middle East Banknotes, and a note that is always a crowd pleaser. The Great Sphynx of Egypt is portrayed front and center. This example is seen with the second signature variety for the design. An ink stamp on the back is mentioned for accuracy. This denomination circulated for approximately 13 years before being supplanted by a new design in 1913. Only the second example we have offered, this is a note desired by collectors worldwide.

The impressive and beautiful 5 Pound note from the National Bank of Egypt's first series is a top tier rarity and desirable in any format. To date, PMG has graded only one issued example, and only ten Specimen and Proofs. The Pyramids of Giza are prominently displayed on this outstanding Specimen note. For this design, there are three known dates and three prefixes only. If the Specimen serial number is correct, it appears that this 1912 dated note was to have only 20,000 notes printed for issue. Printer notations and mounting remnants are mentioned for accuracy, as well as a perforated cancellation. This is the first we have offered and a fantastic type.

Extremely rare or unique, this is a terrific printer prototype that has been mounted to matte board for presentation and is seen with a plethora of printer's notations.

The first auction appearance of this piece was in the April 2016 Spink Auction, Lot 936, titled "A Unique and Stunning Essay." It sold to Mr. Salem for just over £17,000, with the buyer's premium. An Auction Certificate from the sale is featured in Salem's book on Egypt (page 45), and on our website. The accompanying photograph was the subject of the view used in the "hand-executed" essay. Overall, the design elements are most closely associated with Pick 16 for type. While some of the design elements are printed, the central design was painted by an artist. This technique was used from time to time in the design process and generally retained in the printer's archives. The design elements and printing are outside of what is typically seen from these archives, warranting further research. PMG declined to certify the note. Heritage can not guarantee the authenticity and any Terms and Conditions regarding authenticity in this auction are not applicable to this lot. As such, *there will be no returns for any reason.*

This scarce higher denomination piece stands out with its rare marking of the year 1913. Its status as a Specimen is announced by an abundance of overprints and perforations. Pinholes are mentioned on the note's PMG holder. The overall aesthetics of this piece are commendable, especially given its rarity and early origin. The 1913 date, being virtually unattainable in its issued form, makes this note a valuable acquisition to enhance the prestige of any Egyptian collection.

25037 **Egypt** National Bank of Egypt 50 Pounds 21.1.1920 Pick 15b **PMG About Uncirculated 53**.
The mesmerizing illustration on this issue portrays a busy scene of camels at work passing by the Mamluk cemetery in Cairo. This note, a rare treasure from 1919, represents a larger denomination from this series printed for the National Bank of Egypt. Its presence in any collection is a mark of esteem, especially due to its scarce availability, rarely seen beyond a Very Fine grade level. A small tear barely diminishes the historic and aesthetic appeal it carries.

25072 **Fellah Vignette of Egyptian Farmer as on Pick 20. PMG Encapsulated.**
A nicely printed piece on attractive cardstock.
Refer to IS Egypt, p. 96.
From The Ibrahim Salem Collection

Rumors say that this farmer is Uncle Idris who was working for King Farouk. Uncle Idris told young Farouk that he dreamed that the boy would one day be the King of Egypt. King Farouk laughed at the story since he knew that after Sultan Hussein Kamel there will be Sultan Fouad, but he promised him to put his portrait on the Egyptian currency if his dream came true. King Farouk was well-aware that after Sultan Hussein Kamel, Sultan Fouad would be the ruler of Egypt. However, Sultan Fouad did not last more than 5 years, and King Farouk became the King of Egypt at the age of 16. He ordered that Uncle Idris be portrayed on the obverse of the 1 Pound. Unfortunately, when it was issued for the first time in 1928, Uncle Idris was already dead.

Though independent, British influence dominated Egyptian governance. Bradbury Wilkinson & Co. used a vignette of King Charles I of England regularly for sample designs and regular issues of other countries. It was never intended to be part of the final design, rather a place holder in early design stages. Two unused designs from printer archives are offered in this lot. Each uniface side is mounted to cardstock as was the custom. Rare or unique.

Deep hues framed by by a rich green border on the front and vibrant earth tones on the back lead to a striking effect. We have not offered this denomination in Color Trial format in the past. These Specimen notes complement the issued banknotes quite nicely. Not often encountered in this format, and even less so with the coveted EPQ status, this note is hole punched cancelled and red overprinted tastefully. We would not be surprised if this Trial far exceeded the low estimate and attainable opening bid.

King Farouk Portrait Notes

Initial and Unadopted Designs

When the NBE began its plan to introduce King's Farouk series during 1944-45, all denominations were considered. The introduction of the new notes was in stages starting 1946 to 1950, and as known only four denominations were actually issued, LE1, LE5, LE50 and LE100; other denominations, 25 and 50 Piastres as well as the 10 Pounds, were never released into general circulation due to the 1952 revolution. King Farouk was the only Egyptian monarch ever depicted on Egyptian banknotes and is in fact the only modern public figure ever to appear on Egyptian notes.

King's depction on Arabian banknotes:

1. King Faisal I of Iraq 1931
2. King Abdullah I of Jordan 1949
3. King Farouk I of Egypt 1950

Post Revolution, 1952 National Bank of Egypt Series

Die Proofs

With the establishment of the Republic of Egypt in 1952, new banknotes were issued. The series was actually a modification of the King Farouk notes, in which his portrait was replaced with King Tutankhamun's effigy, similar to the 1930 LE1; this series included the denominations of 25 and 50 Piastres and L.E.10.

The United Arab Republic (UAR) was a political union between Egypt and Syria from 1958 until Syria seceded from the union following the 1961 Syrian coup d'état. Egypt continued to be known officially as the United Arab Republic until September 1971 when it was formally dissolved by President Anwar Al-Sadat.

A decade ago, it was discovered that in the banking and financial sphere, there were ongoing plans to establish a central bank and issue a distinguished currency made for the new united entity, the Arab Dinar, a remarkable fact, since neither Egypt nor Syria used Dinars.

The United Arab Republic essays and specimens are represented by three different groups:

1. The first one is a composite essay on card for a 1 dinar note with a sophisticated design. The issuing authority is "The Central Bank of The United Arab Republic" (The Arabic term used for the word bank is "masraf" as used in Syria – refer to p.199 for further details).

2. The second group is composed of archival photographic essays of crude design of what will eventually become the final designs. The issuing authority is "Central Bank - United Arab Republic."
3. The third group is the actual die Proofs and Specimen Proofs composed of 25 and 50 Piastres, and 1, 5, and 10 Arab Dinars, under issuing authority "Central Bank - United Arab Republic." All notes included the coat of arms of the United Arab Republic at right and the Eagle of Salah al-Din, with a band that states the name of the country. This group is also composed of two sub-groups, none is complete in actual Specimen Proofs denominations:

    a. Issue of 1958, in which the date appears between the denomination wording and the governor's signature. It includes:
        i. PT25 die Proof and Specimen Proof;
        ii. PT50 die Proof, archival photograph and Specimen Proof;
        iii. AD1 archival photograph;
        iv. AD5 archival photograph;
        v. AD10 archival photograph and Specimen Proof.
    b. Issue of 1959, in which the date appears at the lower part of the note, beneath the governor's signature. It includes:
        i. PT25 die Proof;
        ii. PT50 die Proof;
        iii. AD1 die Proofs and Specimen Proofs;
        iv. AD5 die Proofs and Specimen Proofs;
        v. AD10 die Proofs.

Eventually, and probably due to the dissolution of the union in 1961, the Central Bank – United Arab Republic was never established and its banknotes were never issued.

The final design of the 1958-59 series laid the guidelines for the 1961 Central Bank of Egypt Series, as will be detailed in the next chapter. Although the UAR banknotes were tabled, UAR government fractional currency notes of 5 and 10 Piastres were issued from 1958 until 1971 when Egypt officially abandoned the title UAR.

5 and 10 United Arab Republic Dinars – the Arabic Wrongly Spelled

The two low denominations of the Central Bank of the United Arab Republic that were never issued between 1958 and 1959 are the two banknotes, 5 Dinars Pick NL and 10 Dinars Pick NL with an attempted replacement of the word Pounds.

In the English language, the singlular is spelled “Pound,” and the plural is spelled “Pounds.” Translated in Arabic, the singular is Geneeh, and the plural is Genehat for Egypt. The singular Lira become Lirat for Syria, but when your singular unit is Dinar, it cannot follow the same pattern and be Dinarat. There is nothing in the Arabic language called Dinarat. It should be Dananeer.

A simply stunning, stately, and beautiful printer creation. The United Arab Republic was a short lived union between Egypt, Gaza, and Syria, which ultimately dissolved before banknotes could be issued. However, some prototype designs were actually used by the Central Bank of Egypt in the 1960s. This incredible and handsome pair of printer's models was never used, regretfully. Each side is matted to cardstock for rigidity and viewing. Intricate lattice work and designs are seen on the front, with a map of the UAR seen on the back. This pair of Printer Models is extremely rare and worthy of serious consideration as a highlight in this dedicated auction.

Dinar of the Unity (Egypt and Syria)

دينار الوحدة (مصر وسوريا)

Before the Unity, Egypt used the Pound, Syria the Lira, and most Arab countries such as Libya, Iraq, Tunisia, Algeria, Jordan, Kuwait and Bahrain used the Dinar. So, in accordance with the spirit of nationalism and allowing for the possibility of including other Arab countries in the future, the Dinar was set to be the currency of the new state. Similarly, the new flag was decided to consist of three colors (red, white, and black) with two green stars in the middle symbolizing Egypt and Syria, so whenever another country joined in, a new star could be added.

قبل الوحدة كانت مصر تستخدم (الجنيه) وسوريا تستخدم (الليرة) ومعظم الدول العربية تستخدم (الدينار) مثل (ليبيا - العراق - تونس - الجزائر - الأردن - الكويت - البحرين)، وتمشياً مع النزعة القومية واحتمالية الوحدة مع دول عربية أخرى تم اقتراح أن يكون (الدينار) هو عملة الدولة الجديدة وأن يكون علمها بثلاث ألوان (أحمر وأبيض وأسود) وفي المنتصف نجمتان باللون الأخضر ترمزان إلى (مصر وسوريا) وكلما انضمت دولة أخرى للوحدة تضاف نجمة جديدة للعلم.

25162 **United Arab Republic** Central Bank 5 Arab Dinars 1959 Pick UNL Printer's Design **PMG About Uncirculated 53.**
The United Arab Republic was a short lived political and economic union between Egypt and Syria. However, a coup d'etat in Syria in 1961 dissolved the United Arab Republic and restored an independent Syria. Banknotes for this union were never actually issued, and hence only prototypes exist. This handsome 5 Arab Dinars is one of a few relics known to exist. Hole punched cancelled, with typed and written notations, this piece is part of a small group offered in today's special auction, all worthy of serious consideration.

Central Bank of Egypt

البنك المركزي المصري

The Central Bank of Egypt was established in 1960 and took over the control of banknotes issuing from the National Bank of Egypt.

The first series was introduced in 1961 and it was based entirely on the designs of the unissued UAR banknotes, including the colour of the each and every denomination.

The PT25 and PT50 retained the UAR original design other than the national emblems, the Eagle of Salah Al-Din, but without a band with the name of the country.

The three higher denominations, LE1, LE5 and LE10 were almost identical to the UAR ones, as the coat of arms was replaced by the effigy of King Tutankhamun.

The LE5 was issued in two different colours, green in two variations, and purple, and totaling three types of that denomination.

1967, 1976 Series

Adopted Designs

The Central Bank of Egypt (CBE) 1967 series marked the beginning of a new practice regarding the banknotes' design, a practice that continues today. The idea was to create a linkage between past and present by presenting modern day Egyptian cultural elements together with ancient Egyptian heritage. Excluding the 25 piastres note that will be discussed further on, all obverse designs feature mosques, a symbol of Egypt's Islamic and Arabic heritage, while reverses depict artistic elements and designs of Ancient Egypt.

The watermarks used always represent an element of ancient Egypt. The 25 piastres as a whole represents only present day Egypt. The 1967 design included on its obverse Egypt's Renaissance (reawakening) Statue (in Arabic: Nahdat Misr مصر نهضة), and the reverse side depicted the national emblems. The note was redesigned in 1976 as the emblems were changed.

In 1976, a new denomination of 20 pounds was introduced for the first time ever.

Introduction To Egyptian Government Currency [1]

العملات الورقية المساعدة

"Being always keen to keep the Egyptian economy lively active, the ministry of finance played a crucial role, during the two world wars, in protecting the country from lack of cash, arising from the impossibility of issuing coins due to war circumstances. The ministry solved the problem by issuing the 5 and 10 piastres currency notes, to keep the economy going. These issues were warmly welcomed, as they helped in keeping the market active."

Dr. \ Y. Boutros Ghali
Minister of Finance

Issuing Currency Notes (The Five and Ten Pistres) in Egypt
The issuing of the currency notes of 5 and 10 Piastres in Egypt, for the first time, was linked to some crises that the country witnessed, and was accompanied by a severe lack of metals used in minting coins of 5 and 10 Piastres ...Four phases marked the issuing of such notes:

First: During World War I (1914 - 1918)
The first appearance of currency notes in Egypt was during the first World War, during the reign of Sultan Hussein Kamel. The circumstances of war made it too difficult to import metals used in minting coins to Egypt. In such circumstances, the real value of coins became higher than their nominal one. The merchants and silversmiths took advantage of the situation and started melting the coins to benefit from the real value of their metal. As the lack of coins currency became even more severe, the government had to issue currency notes of 5 and 10 Piastres to keep the markets working. These issues were printed by De La Rue in London in 1916. That was before the issuing by the government of Act 13, dated the 15th of June 1918, concerning the issuing of 5 Piastres bills.

At the time of Sultan Fuad I, the Egyptian government issued a 5 Piastres bill that was printed the "Survey of Egypt" on May 1st, 1918. That was before Act 14 dated 18 July 1918. However, these bills were easy to forge, due to the bad quality of paper, so the government withdrew it from circulation, redesigned it, and reprinted it on a high-quality paper at Bradbury Wilkinson & Co. in London. These were dated June 1st, 1918.

After the war, the government stopped issuing those notes, but they remained in circulation until 1926 when the Ministers' Cabinet decided to stop their use and took them out of circulation, on the 11th of February 1926.

Second: Durig World War II (1939 - 1945)
The same reasons that prompted the government to issue currency notes in WWI, made it issue them again in WW II, during the reign of King Faruk I. Act 50, dated 11 June 1940 was decreed, authorizing the issuing of 5 and 10 Piastres currency notes.

The 10 Piastres notes were printed in brown, with the landscape of the Nile and Citadel on the back of the note. The 5 Piastres note, on the other hand, was printed in green, with a scene of the Aswan dam on the back. Both were printed in the Survey of Egypt, with no watermark. The 10 Piastres was later withdrawn from circulation, again due to instances of forgery, and was then reprinted, with the same design, but on a better-quality paper, and with a watermark for the first time. Complicated geometrical designs were added to the back of the paper to make it harder to forge.

In 1942, a new design for both notes was introduced. The face of the 10 Piastres now depicted the Kiosk of Emperor Trajan, and the 5 Piastres depicted the mosque of Khayer Bek instead. Both bills were printed in the Survey of Egypt press, on a special paper bearing the water mark of the repeated motif of the Royal crown and the letter F ف. In 1944, the design of the 10 Piastres bill was changed again.

The portrait of King Faruk I was featured on its face for the first time. Shortly after that, it appeared on the 5 Piastres too. Those notes bearing the portrait of King Faruk remained in circulation until the eruption of the 1952 revolution.

Third : Aftermath of the 23rd of July 1952 Revolution.
The issuing of both denominations continued shortly after the revolution. However, the government changed the design completely, so that it harmonized with the new ideology of the revolution.

Since then, the 5 Piastres note bears a picture of the head of Queen Nefertiti on its face. The only change appeared in the name of the country. The design of the face of the 10 Piastres note, however, represented a panorama of all the groups forming the Egyptian community. Thus, we see a soldier with rifle, a peasant with an ax in hand, a worker with wrench, two women, one in an Egyptian outfit, the other in a Sudanese one, symbolizing the unity of the Nile valley, and the Egyptian old flag (the crescent and three stars) in the background.

The 5 and 10 Piastres notes were issued in the name of the Egyptian State, and printed on paper already prepared before the revolution which bore the watermark of King Faruk's portrait. This watermark was duly and carefully covered, so as to disappear, under the design motifs. After this stock of paper was all used up, new paper was used. The watermark as well as the name of the country changed several times, according to different political events.

The currency notes were at first printed and numbered in the Survey of Egypt, then the Post Service press took the responsibility of printing the 5 Piastres notes, while the printing of the 10 Piastres remained at the Survey Authority, with the Rail Way press being now responsible for numbering and scissoring both denominations.

The policies committee decided, in 1989, to stop issuing currency notes, and took them out of circulation, favoring the total dependence on coins. Behind this decision was a feasibility study commissioned by the committee. According to this study, the cost of both the currency notes and the coins is 3 Piastres, but while the lifetime of the first is just 3-6 months, that of the latter can reach 20 years.

Fourth: Issues following the 1997 Crisis Onward.
On the 2nd of April 1997, the Ministers' Cabinet agreed to resume printing of the currency notes of 5 and 10 Piastres. This was a response to a crisis in the coins, which lasted from 1995 to 1997. The 5 and 10 Piastres notes were printed again, starting in 1998, at the Post Service and Survey Authority press, on papers watermarked with the mask of King Tut Ankh Amon.

However, a fatal mistake occurred in the 5 piastres bill: old zinc plates were used; they bore the signature of a former minister of finance, Salah Hamed, in English; the face of the paper, however, bore the signature of the then minister of finance, Mohey El Din El Gharib, in Arabic. To solve the problem, the Central Bank was commissioned with the printing of the currency notes of 5 and 10 Piastres, due to the high-tech of its press.

Thus, the Central Bank Press became the only party responsible for printing all paper money in Egypt, from the 5 Piastres bill to the 100 Pound one. The 5 Piastres currency note was popularly known as "Shelling" (pronounced 'shelen' by the Egyptians), and the 10 Piastres as "Bariza."

The Egyptian "Rial" was equivalent to 4 English Shillings. The "Rial" was also 20 Egyptian Piastres, so it was fair enough to call the 5 Piastres note: Shelling (or Sheln). As for the word "Bariza," the popular name of the 10 Piastres currency note, it came from the word "Paris", capital of France (pronounced by the commoners: Baris or Bariz), and the French word for 10 (Dix). Both words were combined in the Egyptian tongue to form "Bariza", meaning 10 Piastres.

Egyptian (Sultanic) Government 1916-1918

The issuance of Fractional Currency was necessitated by the shortage of small denomination coins during WWI. With hoarding of silver coins, and consequently, the disappearing of small denominations from circulation, the Egyptian government needed a solution to facilitate everyday commerce.

The introduction of Fractional Currency notes in denominations of PT10 in 1916, and PT5 in 1918, issued by the Ministry of Finance, provided a practical remedy to this issue. There was no government fractional note for the PT20 coin, but as mentioned previously, in 1917 the NBE issued a PT25 note.

The notes were issued under several Sultanic decrees but none is mentioned on the note other than a general indication.

The 1920 fractional currency series includes only a PT5 denomination. Interestingly, the essay dated 22 May 1920, was due to be issued under a "Law 14 of 1918" as the 1940's notes which were issued under "Law", while the one dated 1 June 1920, was due to be issued under a "Decree" just as the 1916-1918 issues.

Egyptian Government 1940

The issuance of Fractional Currency in 1940, as previously during 1916 and 1918, was necessitated by the shortage of small-denomination coins during WWII.

With hoarding of silver coins, and consequently, the disappearing of small denominations from circulation, the Egyptian government needed a solution to facilitate everyday commerce. The introduction of Fractional Currency notes in denominations of PT10 in 1940, and PT5 in 1941, issued by the Ministry of Finance, provided a practical remedy to this issue.

These notes were issued in three series as will be detailed furthermore, in 1940-41, 1942-43 and in 1944-45. The 10 piastres was always issued first, followed by 5 piastres issued in the following year. All of the notes were issued under Royal Law 50 of 1940.

The 1944-45 fractional notes were the first (and only) to feature the portrait of the Sovereign King Farouk. That was in line with the NBE practice since 1946, to feature a portrait of the monarch on banknotes. These two circulated for the longest period of time compared to previous issues, and were replaced in 1952 as a result of the revolution.

EGYPTIAN
CURRENCY NOTE

Egyptian State 1952

Following the 1952 revolution, the 1944-45 fractional notes of King Farouk were quickly withdrawn from circulation and replaced by a new pair of notes. Unlike previous issues since WWI, the heading did not include the word ‘government’ and simply read “Egyptian State”. Both denominations were issued under the same law of their predecessors, Law 50 of 1940. The paper that was used included the King’s watermark so it had to be overprinted.

The signature used for these two was signature 14 of the royal fractional notes. The flag used on the 10 piastres note is still the flag of the royal era.

In 1953, new currency notes were issued but this time heading ‘Republic of Egypt’.

The first type was just like the 1952 notes, bearing watermark of King Farouk, issued only in 5 piastres denomination, followed by issue of both denominations that are presented in the following pages, with paper that included two types of watermark, the first was three pyramids, and the second was a crown and the Arabic letter ف, phonetically sounds ‘f’ representing the first letter in the name of the King - Farouk. Other than that, designs remained unchanged.

United Arab Republic; PROVINCE of Egypt 1958

As described and detailed earlier, the United Arab Republic (UAR), was a political union between Egypt and Syria from 1958 until Syria seceded from the union following the 1961 Syrian coup d’état. Egypt continued to be known officially as the United Arab Republic until September 1971 when it was formally dissolved by President Anwar Al-Sadat.

While the plans to establish a central bank and issue a distinguished currency made for the new united entity, the Arab Dinar, were eventually tabled, and resulted in only essays and Specimen. In 1958, fractional notes were actually issued under this authority; they were the only notes issued under the union and were circulated in Egypt only.

The designs of the notes were identical to previous issues with the following differences:
- The issuing authority was the “United Arab Republic”;
- Beneath the head line there was an Arabic inscription indicating the geographical area of circulation “Province of Egypt”.
- Both, the name of the country and the province indication, were in Arabic only and had no English indication.
- The flag on the 10 piastres note carried the new UAR flag, replacing the royal era flag.

Both denominations included three types of watermark:
- The first was three pyramids;
- The second was the Eagle of Salah al-Din and the word ‘Egypt” in Arabic;
- The third was the republic’s abbreviation UAR in Latin and Arabic.

Arab Republic of Egypt 1971, 1989

In September 1971, President Anwar Al-Sadat dissolved the **United Arab Republic** and the country's new official name became the **Arab Republic of Egypt**. Following that major change, a new series of fractional notes was placed into general circulation, identical in its design to the previous one.

Following the formation of the Federation of Arab Republics along with Syria, and Libya, the former UAR's flag was replaced by a new flag for the Federation, depicting the Hawk of Qureish (which was also adopted as the Federation's coat of arms), instead of the two green stars.

As a result, a new 10 piastres note was issued showing the new flag.

In the mid 1980's, the printing of the 5 piastres note was transfered from the "Survey Authority" to the "Postal Service Press" referred here as type II.

The issuance of the fractional notes ceased in 1989.

Arab Republic of Egypt 1998

The 5 and 10 Piastres notes were reissued in 1998, almost 10 years after they were withdrawn from circulation, due to the coin crises that began in 1995. The 5 Piastres note remained identical to the previous design from 1952, other than that it was printed in green colours instead of lilac.

The 10 Piastres note retained its main design, but the main motif of a group of people representing the Egyptian people was replaced by the sphinx on the pyramids background. Another major change was an additional motif on left-hand side at the back, the Mosque of Mohamed Ali in the Citadel of Cairo rather than ornate patterns. The colours remained black-gray but with the addition of orange.

In 1999, the printing of the notes was transferred from the Postal Service Press to the Central Bank Press. The colors of the notes were changed, 5 Piastres to blue and purple, and the 10 Piastres to purple and blue. In 2001, the colors changed again. The 10 Piastres was changed to purple entirely and the sphinx on the pyramids background was modified as well. The 5 piastres became blue, then immediately was changed again to brown and purple. In 2006, the 10 Piastres became violet and red.

Note: the various 5 Piastres issued since 1998 are being cataloged by Hanafy with the same number, as the 1999 and 2001 10 Piastres note. The 2001 10 Piastres note, purple entirely, is not mentioned in SCWPM.

Alien Internment Camp, Alexandria, Egypt .

The Alien Internment Camp of Alexandria was actually a camp built in Sidi Bishr (Arabic سيدي بشر), a suburb / neighborhood in the Montaza District of Alexandria, located 15 kilometers (9-1/2 miles) of the north-east of Alexandria.

According to common information, Sidi Bishr was established as a summering site by the Egyptian middle class before the Revolution of 1952.

The interment camp was probably created in 1916 when British managed to overcome Turkish and German forces in the Middle East and in the Mediterranean Basin. It was a common practice to issue local coupons and tokens (including paper tokens) for the prisoners of war occupying the camps.

In this case the coupons/paper tokens are for the values of ½, 1, 5 and 10 piastres, have no date and probably circulated between 1916 and 1918. Serial numbers 54, 15, 7412 and 2262 respectively, black text on white paper with perforated borders, red overprint diagonally across face. All notes are uinface. These coupons are not recorded in any numismatic reference.

WWII 1942 Series

Cassa Mediterranea di Credito per l’Egitto

صندوق البحر المتوسط التسليفي لمصر

Only Known As Specimens

On 21 June 1942 Tobruk (Tubruq طبرق), a port on Libya’s eastern Mediterranean coast near the border with Egypt, was captured from British troops by German-Italian forces. Plans were duly made to invade Egypt and Sudan.

Banknotes were accordingly discussed, so that occupation currency could be prepared in advance. The monetary authority chosen was the Cassa Mediterranea di Credito, (Mediterranean Credit Fund), operating in Italian-occupied Greece since 1941.

The designs were identical to the Greek notes – but while the latter included portraits of Apollo and David by Michelangelo, the series intended for Egypt and Sudan featured Augustus (probably symbolic, due to his conquest of Egypt in 30 BC).

Augustus was duly depicted on denominations of 50 Piastres, LE1, LE5 and LE10; all were to be issued by the Cassa Mediterranea di Credito per l’Egitto (Egypt). Classification: Egypt Specialized Pick Catalogue M3-M6; the series included also denominations of 1, 5 and 10 Piastres, LE50 and LE100.

Records indicate that the notes were printed and shipped to Libya, but there is no evidence that any were used. Numismatic records show that there are two known Specimen sets and one set of actual notes. The specimen notes are perforated CANCELLED. An amazing recent discovery has been a presentation of the only and unique set of the Egypt issue that includes the notes of 1 Piastre to LE100 are included but are not perforated, and all have a red overprint on both sides ‘CAMPIONI’ (specimen in Italian). This presentation album was probably intended for high-ranked military personnel.

Researcher’s note:
All the following notes of this series are not listed in he Encyclopedia and catalogue of Egyptian money by Eng. Magdy Hanafy, hence it is listed in here as Hanafy unlisted. Nevertheless, they are being featured in Hanafy’s book on pp. 457-459.

A fantastic, historic, and virtually unseen group, this complete set of nine Specimen represented one aspect of Italy's colonial aspirations in the 20th-century. Italian Unification culminated in 1861, and nationalism continued to grow in the following decades. In the late 19th-century, Italy conquered Somali and Eritrea. Italy also acquired the Dodecanes Islands in the Aegean Sea, followed by victory in Ethiopia in 1936. Libya was also acquired, after the Italian-Turkish War. When World War II began, Italian pride under Mussolini was high and further conquests were planned. Italy occupied Greece, Corsica, Albania, and other regions in and around the Mediterranean during the mid-1940s.

Joining forces with the Germans, Italy aspired to defeat the British in North Africa. Both Egypt and Sudan were on the docket, and for some time, Italian troops were making headway. Ultimately, the British defeated the Axis powers at El Alamein, which ended Italian expansion. In the leadup to this defeat, two banknote series were prepared and printed in Rome for the anticipated Italian territories in Egypt and Sudan. These notes were never issued, and only a few sets of issued banknotes were saved from destruction. Specimen are almost equally rare and seldom seen, as the print totals were certainly small. This complete set of denominations for Egypt is offered in Specimen format, illustrating the currency scheme to be adopted if Italy was victorious. These notes were denominated in both Lire and Piastres. Nine denominations are known to exist, all of which are offered here. Each Specimen is overprinted on both sides and all were previously mounted. Any example of this type is extremely rare and a complete set is nothing short of fantastic. This set is the most highly anticipated offering in this dedicated auction. The smallest denomination, 1 Piastra, is unlisted in the Standard Catalog, as it was unknown when the catalog was formed. The original Specimen booklet is also included. Not to be missed.

As political and military campaigns jockeyed for power during World War II, some unusual plans and campaigns were considered. Italy had some military success in North Africa, and had grand expectations of defeating the British in Sudan and Egypt. Ultimately these campaigns failed. However, during this time, the Cassa Mediterranea di Credito created a banknote series for the lands anticipated to be conquered. Since those attempts failed, the banknotes series were rendered null. This incredible 5 Lire is a survivor of the ill-fated series. Despite all this, the note has somehow acquired extensive usage. It has thankfully been repaired and rebuilt to be enjoyed today. At the time of cataloging, this is the first and only example graded in the *PMG Population Report*. Of the highest degree of rarity, this historic type note is a fascinating relic of the Western Desert Campaign during World War II.

1956 Suez Crisis Series

Forces Françaises en Méditerranée Orientale

The canal was the property of the Egyptian government, but European shareholders, mostly British and French, owned the concessionary company which operated it until July 1956, when President Gamal Abdel Nasser nationalized it. This precipitated an invasion by the forces of Britain, France and Israel known as the Suez Crisis of October - November 1956. At threat of Soviet intervention and under the joint pressure of the United States, the French, British, and Israeli paratroopers were ordered to stop firing immediately.

The intervention ended November 6, 1956 at midnight, leaving room for UN troops arriving on the spot on November 15. This fiasco spelled the actual military presence of the British and the French irrelevant of their political influence in the Middle East. It is on the occasion of this expedition that modified notes of 50, 100 and 1000 francs from the issue of the "French Treasury" were prepared for the use of the French forces. The three banknotes are identical to two black surcharges intended to obscure the words "Territoires occupés" and "ce billet à cours uniquement dans les territoires occupés", and a statement printed in black capitals at the bottom of the notes: "Forces Françaises en Méditerranée Orientale".

As this issue was not intended for the actual use in Egypt itself, this series is listed under France and not Egypt in Pick catalogue.

The Suez Crisis was triggered by Egyptian President Gamal Abdel Nasser's decision to nationalize the Suez Canal, a vital waterway connecting the Mediterranean Sea to the Red Sea. The canal had been controlled by British and French interests since its construction in the mid-19th century, and its nationalization threatened access to Middle Eastern oil supplies. France's military operation included notes issued for use by their forces in theater. A nice pair of military related emissions, both with hole cancels.

End of Auction

Terms and Conditions of Auction

Auctioneer and Auction:

1. This Auction is presented by Heritage Auctions, a d/b/a/ of Heritage Auctioneers & Galleries, Inc., Heritage Auctions, Inc., Heritage Collectibles, Inc., Heritage Luxury Property Auctions, Inc., Heritage Numismatic Auctions, Inc., Heritage Vintage Sports Auctions, Inc., Currency Auctions of America, Inc., Heritage Auctions (HK) Limited, or Heritage Auctions – Europe Cooperatief U.A. as identified with the applicable licensing information on the title page of the catalog or on the HA.com Internet site (the "Auctioneer"). The Auction is conducted under these Terms and Conditions of Auction and applicable state and local law. Announcements and corrections from the podium and those made through the Terms and Conditions of Auctions appearing on the Internet at HA.com supersede those in the printed catalog.

Buyer's Premium:

2. All bids are subject to a Buyer's Premium which is in addition to the placed successful bid. The Buyer's Premium for each Auction is published by Auctioneer in the printed catalog and on the Internet. In addition to the Buyer's Premium, all successful bids placed through third-party platforms including LiveAuctioneers.com, Invaluable.com, or similar third-party platforms shall be assessed a fee of five percent (5%) of the Hammer Price ("Third-Party Platform Fee").

Bidders:

3. Any person participating or registering for the Auction agrees to be bound by and accepts these Terms and Conditions of Auction ("Bidder(s)").
4. All Bidders must meet Auctioneer's qualifications to bid. Any Bidder who is not a client in good standing of the Auctioneer may be disqualified at Auctioneer's sole option and will not be awarded lots. Such determination may be made by Auctioneer in its sole and unlimited discretion, at any time prior to, during, or even after the close of the Auction. Auctioneer reserves the right to exclude any person from the auction.
5. If an entity places a bid, then the person executing the bid on behalf of the entity agrees to personally guarantee payment for any successful bid.

Credit:

6. In order to place bids, Bidders who have not established credit with the Auctioneer must either furnish satisfactory credit information (including two collectibles-related business references) or supply valid payment card information along with a social security number, well in advance of the Auction. Internet bids will only be accepted from pre-registered Bidders. Bidders who are not members of HA.com or affiliates should preregister at least 48 hours before the start of the first session (exclusive of holidays or weekends) to allow adequate time to contact references. Credit will be granted at the discretion of Auctioneer. Auctioneer may, in its sole discretion, require a deposit in good funds of twenty-five percent (25%) of the amount of each bid prior to acceptance of the bid. Additionally Bidders who have not previously established credit or who wish to bid in excess of their established credit history may be required to provide their social security so a credit check may be performed prior to Auctioneer's acceptance of a bid. Settlement via check and immediate delivery of merchandise may also be determined by pre-approval of credit based on a combination of: HA.com history, related industry references, bank verification, a credit bureau report and/or a personal guarantee for a corporate or partnership entity in advance of the auction.

Bidding Options:

7. Auctioneer accepts bids from the Internet, telephone, fax, mail, floor, and HeritageLive! from registered clients.
8. Bids in Signature® Auctions may be placed as set forth in the printed catalog section entitled "Choose your bidding method." For auctions held solely on the Internet, see the alternatives on HA.com. Review at http://www.ha.com/c/ref/web-tips.zx#biddingTutorial.
9. Presentment of Bids: Non-Internet bids (including but not limited to podium, fax, phone and mail bids) and floor bids must be on-increment or at a half increment ("Cut Bid"). Any podium, fax, phone, or mail bids that do not conform to a full or half increment will be rounded up or down to the nearest full or half increment and this revised amount will be considered your high bid.
10. Auctioneer's Execution of Certain Bids. Auctioneer cannot be responsible for your errors in bidding or entry of bids. When identical mail or fax bids are submitted, preference is given to the first received. To ensure the greatest accuracy, written bids should be entered on the standard printed bid sheet and received by Auctioneer at least two business days prior to Auction start. Auctioneer is not responsible for executing mail bids or fax bids received on or after the day the first lot is sold, nor Internet bids submitted after the published closing time; nor is Auctioneer responsible for proper execution of bids submitted by telephone, mail, fax, email, Internet, or in person once Auction begins. Bids placed electronically via the internet may not be withdrawn until your written request is received and acknowledged by Auctioneer (FAX: 214-409-1425); such requests must state the reason, and may constitute grounds for withdrawal of bidding privileges. Lots won by mail Bidders will not be delivered at the Auction unless prearranged.
11. Bid Increments. Bid increments (over the current bid level) determine the lowest amount you may bid on a particular lot. Bids greater than one increment over the current bid can be any whole dollar amount. It is possible under several circumstances for winning bids to be between increments, sometimes only $1 above the previous increment. Please see: "How can I lose by less than an increment?" on our website. Bids will be accepted in whole dollar amounts only. No "buy" or "unlimited" bids will be accepted.

Current bidding increments during any live auction session or components thereof (e.g. mail/fax bids and LiveProxy bidding) (see HA.com/c/ref/web-tips.zx#guidelines-increments) are:

Current Bid	Bid Increment	Current Bid	Bid Increment
< $10	$1	$10,000 - $19,999	$1,000
$10 - $49	$2	$20,000 - $49,999	$2,000
$50 - $99	$5	$50,000 - $99,999	$5,000
$100 - $199	$10	$100,000 - $199,999	$10,000
$200 - $499	$20	$200,000 - $499,999	$20,000
$500 - $999	$50	$500,000 - $999,999	$25,000
$1,000 - $1,999	$100	$1,000,000 - $1,999,999	$50,000
$2,000 - $4,999	$200	$2,000,000 - $9,999,999	$100,000
$5,000 - $9,999	$500	>= $10,000,000	$200,000

Note: Half-increment bidding is available prior to the live auction session.

12. If Auctioneer calls for a full increment, Bidder may request Auctioneer to accept a Cut Bid only once per lot. After offering a Cut Bid, Bidder may continue to bid on lot only at full increments. Off-increment bids may be accepted by the Auctioneer at Signature® Auctions. Bids solicited by Auctioneer at other than the expected increment will not be considered Cut Bids.

Conducting the Auction:

13. Notice of the consignor's liberty to place bids on his lots in the Auction is hereby made in accordance with Article 2 of the Texas Business and Commercial Code. A "Minimum Bid" is an amount below which the lot will not sell. THE CONSIGNOR OF PROPERTY MAY PLACE WRITTEN "Minimum Bids" ON HIS LOTS IN ADVANCE OF THE AUCTION; ON SUCH LOTS, IF THE HAMMER PRICE DOES NOT MEET THE "Minimum Bid", THE CONSIGNOR MAY PAY A REDUCED COMMISSION ON THOSE LOTS. "Minimum Bids" are generally posted online several days prior to the Auction closing. Any successful bid placed by a consignor on his property on the Auction floor, by any means during the live session, or after the "Minimum Bid" for an Auction have been posted, will require the consignor to pay full Buyer's Premium and Seller's Commissions on such lot. Auctioneer or its affiliates expressly reserve the right to modify any such bids at any time prior to the hammer based upon data made known to the Auctioneer or its affiliates.
14. The highest qualified Bidder recognized by the Auctioneer shall be the Buyer. In the event of a tie bid, the earliest bid received or recognized wins. In the event of any dispute between any Bidders at an Auction, Auctioneer may at his sole discretion reoffer the lot. Auctioneer's decision and declaration of the winning Bidder shall be final and binding upon all Bidders. Bids properly offered, whether by floor Bidder or other means of bidding, may on occasion be missed or go unrecognized; in such cases, the Auctioneer may declare the recognized bid accepted as the winning bid, regardless of whether a competing bid may have been higher. Auctioneer reserves the right after the hammer fall to accept bids and reopen bidding for bids placed through the Internet or otherwise. Regardless of placed bids, Auctioneer reserves the right to withdraw any lot, or any part of a lot, from Auction at any time prior to the opening of any such lot by the auctioneer (crier), or in the case of Internet-only auctions when the bid opens for either live Internet bidding or the beginning of any extended period.
15. Auctioneer reserves the right to refuse to honor any bid or to limit the amount of any bid, in its sole discretion. A bid is considered not made in "Good Faith" when made by an insolvent or irresponsible person, a person under the age of eighteen, or is not supported by satisfactory credit, references, or otherwise. Regardless of the disclosure of his identity, any bid by a consignor or his agent on a lot consigned by him is deemed to be made in "Good Faith." Any person apparently appearing on the OFAC list is not eligible to bid.
16. Nominal Bids. The Auctioneer in its sole discretion may reject nominal bids, small opening bids, or very nominal advances.
17. Lots bearing bidding estimates shall open at Auctioneer's discretion (generally 40%-60% of the low estimate). In the event that no bid meets or exceeds that opening amount, the lot shall pass as unsold or the Auctioneer may place a protective bid on behalf of the consignor.
18. All items are to be purchased per lot as numerically indicated and no lots will be broken.
19. Auctioneer reserves the right to rescind the sale in the event of nonpayment, breach of a warranty, disputed ownership, auctioneer's clerical error or omission in exercising bids and reserves, or for any other reason and in Auctioneer's sole discretion.
20. Auctioneer occasionally experiences Internet and/or Server service outages, and Auctioneer periodically schedules system downtime for maintenance and other purposes, during which Bidders cannot participate or place bids. If such outages occur, bidding may be extended at Auctioneer's discretion. Bidders unable to place their bids through the Internet are directed to contact Client Services at 877-HERITAGE (437-4824).
21. From time to time, the Auctioneer, its affiliates, or their employees may consign items to be sold in the Auction.
22. From time to time, the Auctioneer, its affiliates, or their employees may place bids on lots in the Auction.
23. The Auctioneer may extend advances, guarantees, or loans to certain consignors.
24. The Auctioneer has the right to sell certain unsold items after the close of the Auction. Such lots shall be considered sold during the Auction and all these Terms and Conditions shall apply to such sales including but not limited to the Buyer's Premium, return rights, and disclaimers.

Payment:

25. All sales are strictly for cash in United States dollars (including U.S. currency, bank wire, cashier checks, travelers checks, eChecks, and bank money orders, and are subject to all reporting requirements). All deliveries are subject to good funds; funds being received in Auctioneer's account before delivery of the merchandise; and all payments are subject to a clearing period. Auctioneer reserves the right to determine if a check constitutes "good funds": checks drawn on a U.S. bank are subject to a ten business day hold, thirty days when drawn on an international bank. Clients with pre-arranged credit may receive immediate credit for payments via eCheck, personal, or corporate checks. All others will be subject to a hold of 5 business days, or more, for the funds to clear prior to releasing merchandise. (Ref. T&C item 7 Credit for additional information.) Payments can be made 24-48 hours post auction from the My Orders page of the HA.com website. Payment via card (Visa, Mastercard, and Discover) will be accepted upon prior approval by Auctioneer. All payments by card will incur a surcharge of 2.5%. Payment by eCheck, wire transfer, or check will not incur a surcharge. This fee only applies to credit transactions, and does not exceed Auctioneer's cost of processing.
26. Payment is due upon closing of the Auction session, or upon presentment of an invoice. Auctioneer reserves the right to void an invoice if payment in full is not received within 7 days after Auction close. In cases of nonpayment, Auctioneer's election to void a sale does not relieve the Bidder from their obligation to pay Auctioneer its fees (seller's and buyer's premium) on the lot and any other damages pertaining to the lot or Auctioneer. Alternatively, Auctioneer at its sole option, may charge a twenty (20%) fee based on the amount of the purchase. In either case the Auctioneer may offset amount of its claim against any monies owing to the Bidder or secure its claim against any of the Bidder's properties held by the Auctioneer.
27. Purchased lots may be subject to taxes or fees imposed by various foreign taxing agencies. Buyer is responsible for paying all foreign imposed taxes whether VAT, GST, etc. prior to delivery unless other arrangements are made in writing. Lots delivered to Buyer, or Buyer's representative are subject to all applicable state and local taxes, unless appropriate permits are on file with Auctioneer. Should state sales tax become applicable in the state for delivery prior to delivery of the property on the invoice, Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. Buyer agrees to pay Auctioneer the actual amount of tax due in the event that sales tax is not properly collected due to: 1) an expired, inaccurate, or inappropriate tax certificate or declaration, 2) an incorrect interpretation of the applicable statute, 3) or any other reason. The appropriate form or certificate must be on file at and verified by Auctioneer five days prior to Auction, or tax must be paid; only if such form or certificate is received by Auctioneer within 4 days after Auction can a refund of tax paid be made. Lots from different Auctions may not be aggregated for sales tax purposes.
28. In the event that Buyer's payment is dishonored upon presentment(s), Buyer shall pay the maximum statutory processing fee set by applicable state law. If Buyer attempts to pay via eCheck and Buyer's financial institution denies this bank account, or the payment cannot be completed using the selected funding source, Buyer agrees to complete payment using your card on file (subject to the surcharge detailed in paragraph 25).
29. If any Auction invoice submitted by Auctioneer is not paid in full when due, the unpaid balance will bear interest at the highest rate permitted by law from the date of invoice until paid. Any invoice not paid when due will bear a three percent (3%) late fee on the invoice amount. If the Auctioneer refers any invoice to an attorney for collection, Buyer agrees to pay attorney's fees, court costs, and other collection costs incurred by Auctioneer. If Auctioneer assigns collection to its in-house legal staff, such attorney's time expended on the matter shall be compensated at a rate comparable to the hourly rate of independent attorneys.
30. In the event Buyer fails to pay any amounts due, Buyer authorizes Auctioneer to charge the Buyer's card on file with Auctioneer in the amount required to pay the invoice in full or sell the lot(s) securing the invoice to any underbidders in the Auction that the lot(s) appeared, or at subsequent private or public sale, or relist the lot(s) in a future auction conducted by Auctioneer. A defaulting Buyer agrees to pay for the reasonable costs of resale (including a 15% seller's commission, if consigned to an auction conducted by Auctioneer). The defaulting Buyer is liable to pay any difference between his total original invoice for the lot(s), plus any applicable interest, and the net proceeds for the lot(s) if sold at private sale or the subsequent hammer price of the lot(s) less the 15% seller's commissions, if sold at an Auctioneer's auction.
31. Title shall not pass to Buyer until all invoices are paid in full. Auctioneer shall have a lien against the merchandise purchased by Buyer to secure payment of any and all outstanding Auction invoices. Auctioneer is further granted a lien and the right to retain possession of any other property of Buyer then held by Auctioneer or its affiliates to secure payment of any Auction invoice or any other amounts due Auctioneer or affiliates from Buyer. With respect to these lien rights, Auctioneer shall have all the rights of a secured creditor under Article 9 of the Texas Uniform Commercial Code, including but not limited to the right of sale (including a 15% seller's commission, if consigned to an auction conducted by Auctioneer). Any Heritage foreclosure auction venue is deemed a reasonably commercial sale. In addition, with respect to payment of the Auction invoice(s), Buyer waives any and all rights of offset he might otherwise have against Auctioneer and the consignor of the merchandise included on the invoice. If Buyer owes Auctioneer or its affiliates on any account, Auctioneer and its affiliates shall have the right to offset such unpaid account by any credit balance due Buyer, and it may secure by possessory lien any unpaid amount by any of the Buyer's property in their possession.

Delivery; Shipping; and Handling Charges:

32. Buyer is liable for all shipping, handling, registration, and renewal fees, if any. Auctioneer is unable to combine purchases from other auctions or affiliates into one package for shipping purposes. Merchandise will be shipped in a commercially reasonable time after payment in good funds for the merchandise and the shipping fees is received or credit extended, except when third-party shipment occurs. Buyer on lots designated for

third-party shipment must designate the common carrier, accept risk of loss, and prepay shipping costs. Buyer agrees that Service and Handling charges related to shipping items which are not pre-paid may be charged to the card on file with Auctioneer (subject to the surcharge detailed in paragraph 25).

33. Successful international Bidders shall provide written shipping instructions, including specified customs declarations, to Auctioneer for any lots to be delivered outside of the United States. NOTE: Declaration value shall be the item'(s) hammer price together with its buyer's premium and Auctioneer shall use the correct harmonized code for the lot.
34. On all shipments in which Auctioneer charges the Delivery, Handling, and Transit Fee *infra*, any risk of loss during shipment will be borne by Auctioneer until the common carrier's confirmation of delivery to the address of record in Auctioneer's file, this is the "Secure Location". A common carrier's confirmation is conclusive to prove delivery to Buyer; if the client has a Signature release on file with the carrier, the package is considered delivered without Signature. Auctioneer shall arrange, select, and engage common carriers and other transportation vendors on your behalf. Transit services are subject to the following terms and conditions:
    a. Scope of Transit Services: Merchandise for transit will be insured under one or more insurance policies issued by an authorized broker to Auctioneer. The merchandise will be insured for the invoice price of the properties (hammer price plus Buyer's Premium) ("Insured Value"). For each shipment, Buyer will provide a Secure Location to which the items will be delivered. NOTICE: **Auctioneer is neither an insurance company nor a common carrier of any type.**
    b. Auctioneer's Compensation for Transit Services: Auctioneer will provide transit services to Buyer for ¾ of 1% of the Insured Value, plus packaging and handling fees and fees for the common carrier (collectively, "Delivery, Handling, and Transit Fee"). Buyer agrees to pay Delivery, Handling, and Transit Fee and comply with all terms of payment as set forth herein.
    c. Auctioneer's Limitation of Liability for Transit Services: Buyer understands and agrees that Auctioneer's liability for loss of or damage to the items, if any, ends when the items have been delivered to the Secure Location, and Auctioneer has received evidence of delivery. Any claim that property has sustained loss or damage during transit must be reported to Auctioneer within seventy-two (72) hours of the delivery date. Any recovery for loss of or damage to any merchandise is limited to the lesser of actual cash value of the merchandise or the Insured Value. **Under no circumstances is Auctioneer liable for consequential or punitive damages.**
35. It shall be the responsibility for Buyer to arrange pick-up or shipping in a timely manner (within 10 days). Merchandise will be subject to storage and moving charges, including a $100 administration fee plus $10 daily storage for larger items and $5 daily for smaller items (storage fee per item) after 35 days. In the event the merchandise is not removed within ninety days, the merchandise may be offered for sale to recover any past due storage or moving fees, including a 25% Seller's Commission.

36. A. NOTICE OF CITES COMPLIANCE: The purchase of items made from protected species: Any property made of or incorporating endangered or protected species or wildlife may have import and/or export restrictions established by the Convention of International Trade in Endangered Species of Wild Fauna and Flora (CITES) in various countries and domestically. Plant and animal properties include (but are not limited to) items made of (or including) Brazilian rosewood, ivory, whalebone, turtle shell, coral, crocodile, alligator, lizard, or other wildlife. These items may not be available to ship internationally or, in some cases, domestically. Domestic bans and restrictions exist in these states: 1) California state law prohibits the importation of any product containing Python skin into the State of California, thus no lot containing Python skin will be shipped to or invoiced to a person or company in California. 2) Fossil Ivory is currently banned or restricted in 5 U.S. states: New York, New Jersey, California, Hawaii, and New Mexico. By placing a bid, the bidder acknowledges that he or she is aware of any restriction in their country or place of residence and takes responsibility for: 1) obtaining all information on such restricted items for both export and import; 2) obtaining all such licenses and/or permits. Delay, failure, or incapacity to obtain any such license or permit does not relieve the buyer of timely payment or afford them the capacity to void their purchase or payment. Lots containing potentially regulated wildlife material are noted in the description as a convenience to our clients. Heritage Auctions does not accept liability for errors or failure to mark lots containing protected or regulated species. For further assistance, please contact client services at 1-800-872-6467.

36. B. California State law prohibits the importation of any product containing Python skin into the State of California. No merchandise containing Python skin will be shipped to or invoiced to a person or company in California.

36. C. Auctioneer shall not be liable for any loss caused by or resulting from:
    a. Seizure or destruction under quarantine or Customs regulation, or confiscation by order of any Government or public authority, or risks of contraband or illegal transportation of trade, or
    b. Breakage of statuary, marble, glassware, bric-a-brac, porcelains, jewelry, and similar fragile articles.

37. Any request for shipping verification for undelivered packages must be made within 30 days of shipment by Auctioneer.

Cataloging, Warranties, and Disclaimers:

38. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY DESCRIPTION CONTAINED IN THIS AUCTION OR ANY SECOND OPINE. Any description of merchandise or second opine contained in this Auction is for the sole purpose of identifying merchandise for those Bidders who do not have the opportunity to view merchandise prior to bidding, and no description of merchandise has been made part of the basis of the bargain or has created any express warranty that merchandise would conform to any description made by Auctioneer. Color variations can be expected in any electronic or printed imaging, and are not grounds for the return of any lot. NOTE: Auctioneer, in specified auction venues, e.g. Fine Art, may have express written warranties and Bidder is referred to those specific terms and conditions.
39. Auctioneer is selling only such right or title to merchandise being sold as Auctioneer may have by virtue of consignment agreements on the date of auction and disclaims any warranty of title to the merchandise. Auctioneer disclaims any warranty of merchantability or fitness for any particular purposes. All images, descriptions, sales data, and archival records are the exclusive property of Auctioneer, and may be used by Auctioneer for advertising, promotion, archival records, and any other uses deemed appropriate.
40. Translations of foreign language documents may be provided as a convenience to interested parties. Auctioneer makes no representation as to the accuracy of those translations and will not be held responsible for errors in bidding arising from inaccuracies in translation.
41. Auctioneer disclaims all liability for damages, consequential or otherwise, arising out of or in connection with the sale of any merchandise by Auctioneer to Bidder. No third party may rely on any benefit of these Terms and Conditions and any rights, if any, established hereunder are personal to Bidder and may not be assigned. Any statement made by the Auctioneer is an opinion and does not constitute a warranty or representation. No employee of Auctioneer may alter these Terms and Conditions, and, unless signed by a principal of Auctioneer, any such alteration is null and void.
42. Auctioneer shall not be liable for damage to frames, frame glass, cases, holders, or third-party grading encapsulations that do not affect the condition of the merchandise presented for auction. Such defects shall not be a basis for return, repair, or reduction in purchase price.

Release:

43. In consideration of participation in Auction and the placing of a bid, Bidder expressly releases Auctioneer, its officers, directors and employees, its affiliates, and its outside experts that provide second opines, from any and all claims, cause of action, chose of action, whether at law or equity or any arbitration or mediation rights existing under the rules of any professional society or affiliation based upon the assigned description, or a derivative theory, breach of warranty express or implied, representation or other matter set forth within these Terms and Conditions of Auction or otherwise. In the event of a claim, Bidder agrees that such rights and privileges conferred therein are strictly construed as specifically declared herein, and are the exclusive remedy. Bidder, by non-compliance to these express terms of a granted remedy, shall waive any claim against Auctioneer.
44. Notice: Some merchandise sold by Auctioneer is inherently dangerous e.g. firearms, cannons, and small items that may be swallowed or ingested or may have latent defects all of which may cause harm to a person. Buyer accepts all risk of loss or damage from its purchase of these items and Auctioneer disclaims any liability whether under contract or tort for damages and losses, direct or inconsequential, and expressly disclaims any warranty as to safety or usage of any lot sold.

Dispute Resolution, Arbitration, and Remedies:

By placing a bid or otherwise participating in Auction, Bidder accepts these Terms and Conditions of Auction, and specifically agrees to the dispute resolution provided herein.

45. Exclusive Dispute Resolution Process: All claims, disputes, or controversies in connection with, relating to, and/or arising out of Bidder's participation in Auction or purchase of any lot, any interpretation of the Terms and Conditions of Sale or any amendments thereto, any description of any lot or condition report, any damage to any lot, any alleged verbal modification of any term of sale or condition report or description, and/or any purported settlement whether asserted in contract, tort, under Federal or State statute or regulation, or any claim made by Bidder of a lot or Bidder's participation in Auction involving the auction or a specific lot involving a warranty or representation of a consignor or other person or entity including Auctioneer {which claim Bidder consents to be made a party} (collectively, "Claim") shall be exclusively heard by, and the claimant (or respondent) and Auctioneer each consent to the Claim being presented in a confidential binding arbitration before a single arbitrator administrated by and conducted under the rules of, the American Arbitration Association. The locale for all such arbitrations shall be Dallas, Texas. The arbitrator's award may be enforced in any court of competent jurisdiction. In the event that any Claim needs to be litigated, including actions to compel arbitration, construe the agreement, actions in aid of arbitration, or otherwise, such litigation shall be exclusively in the Courts of the State of Texas, in Dallas County, Texas, and if necessary the corresponding appellate courts. If a Claim involves a consumer, exclusive subject matter jurisdiction for the Claim is in the State District Courts of Dallas County, Texas and the consumer consents to subject matter and in personam jurisdiction; further CONSUMER EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY. A consumer may elect arbitration as specified above. Any claim involving the purchase or sale of numismatic or related items may be submitted through binding PNG arbitration. A Claim is not subject to class certification.
46. Choice of Law: Agreement and any Claim shall be determined and construed under Texas law. For auctions conducted by Heritage Auctions (HK) Limited, any Agreement and any Claim shall be determined and construed under Hong Kong law.
47. Fees and Costs: The prevailing party (a party that is awarded substantial and material relief on its damage claim based on damages sought versus awarded or the successful defense of a Claim based on damages sought versus awarded) may be awarded reasonable attorneys' fees and costs.
48. Remedies: Any Claim must be brought within two (2) years of the alleged breach, default or misrepresentation or the Claim is waived. After one (1) year has elapsed, Auctioneer's maximum liability shall be limited to any commissions and fees Auctioneer earned on that lot. Auctioneer in no event shall be responsible for consequential damages, incidental damages, compensatory damages, or any other damages arising or claimed to be arising from the auction of any lot. Exemplary or punitive damages are not permitted and are waived. In the event that Auctioneer cannot deliver the lot or subsequently it is established that the lot lacks title, or other transfer or condition issue is claimed, in such cases the sole remedy shall be limited to rescission of sale and refund of the amount paid by Buyer; in no case shall Auctioneer's maximum liability exceed the high bid on that lot, which bid shall be deemed for all purposes the value of the lot. In the event of an attribution error, Auctioneer may at its sole discretion, correct the error on the Internet, or, if discovered at a later date, refund Buyer's purchase price without further obligation. Nothing herein shall be construed to extend the time of return or conditions and restrictions for return.
49. These Terms & Conditions provide specific remedies for occurrences in the auction and delivery process. Where such remedies are afforded, they shall be interpreted strictly. Bidder agrees that any claim shall utilize such remedies; Bidder making a claim in excess of those remedies provided in these Terms and Conditions agrees that in no case whatsoever shall Auctioneer's maximum liability exceed the high bid on that lot, which bid shall be deemed for all purposes the value of the lot.

Miscellaneous:

50. Agreements between Bidders and consignors to effectuate a non-sale of an item at Auction, inhibit bidding on a consigned item to enter into a private sale agreement for said item, or to utilize Auctioneer's Auction to obtain sales for non-selling consigned items subsequent to Auction, are strictly prohibited. If a subsequent sale of a previously consigned item occurs in violation of this provision, Auctioneer reserves the right to charge Bidder the applicable Buyer's Premium and consignor a Seller's Commission as determined for each auction venue and by the terms of the seller's agreement.
51. Acceptance of these Terms and Conditions qualifies Bidder as a client who has consented to be contacted by Heritage in the future. In conformity with "do-not-call" regulations promulgated by the Federal or State regulatory agencies, participation by Bidder is affirmative consent to being contacted at the phone number shown in his application and this consent shall remain in effect until it is revoked in writing. Heritage may from time to time contact Bidder concerning sale, purchase, and auction opportunities available through Heritage and its affiliates and subsidiaries.
52. Rules of Construction: Auctioneer presents properties in a number of collectible fields, and as such, specific venues have promulgated supplemental Terms and Conditions. Nothing herein shall be construed to waive the general Terms and Conditions of Auction by these additional rules and shall be construed to give force and effect to the rules in their entirety.

Rev. 5-31-2024

Additional Terms & Conditions:
COINS & CURRENCY

COINS & CURRENCY TERM A: Signature® Auctions are not on approval. No certified material may be returned because of possible differences of opinion with respect to the grade offered by any third-party organization, dealer, or service. No guarantee of grade is offered for uncertified Property sold and subsequently submitted to a third-party grading service. There are absolutely no exceptions to this policy. Under extremely limited circumstances, (e.g. gross cataloging error) a purchaser, who did not bid from the floor, may request Auctioneer to evaluate voiding a sale: such request must be made in writing detailing the alleged gross error; submission of the lot to the Auctioneer must be pre-approved by the Auctioneer; and bidder must notify Ron Brackemyre (1-800-872-6467 Ext. 1312) in writing of such request within three (3) days of the non-floor bidder's receipt of the lot. Any lot that is to be evaluated must be in our offices within 30 days after Auction. Grading or method of manufacture do not qualify for this evaluation process nor do such complaints constitute a basis to challenge the authenticity of a lot. AFTER THAT 30-DAY PERIOD, NO LOTS MAY BE RETURNED FOR REASONS OTHER THAN AUTHENTICITY. Lots returned must be housed intact in their original holder. No lots purchased by floor Bidders may be returned (including those Bidders acting as agents for others) except for authenticity. Late remittance for purchases may be considered just cause to revoke all return privileges.

COINS & CURRENCY TERM B: Auctions conducted solely on the Internet THREE (3) DAY RETURN POLICY: Certified Coin and Uncertified and Certified Currency lots paid for within seven days of the Auction closing are sold with a three (3) day return privilege unless otherwise noted in the description as "Sold As Is, No Return Lot". You may return lots under the following conditions: Within three days of receipt of the lot, you must first notify Auctioneer by contacting Client Service by phone (877-HERITAGE (437-4824)) or e-mail (Bid@HA.com), and immediately ship the lot(s) fully insured to the attention of Returns, Heritage Auctions, 2801 W. Airport Freeway, Dallas TX 75261. Lots must be housed intact in their original holder and condition. You are responsible for the insured, safe delivery of any lots. A non-negotiable return fee of 5% of the purchase price ($10 per lot minimum) will be deducted from the refund for each returned lot or billed directly. Postage and handling fees are not refunded. After the three-day period (from receipt), no items may be returned for any reason. Late remittance for purchases revokes these Return privileges.

COINS & CURRENCY TERM C: Bidders who have inspected the lots prior to any Auction, or attended the Auction, or bid through an Agent, will not be granted any return privileges, except for reasons of authenticity.

COINS & CURRENCY TERM D: Coins sold referencing a third-party grading service are sold "as is" without any express or implied warranty, except for a guarantee by Auctioneer that they are genuine. Certain warranties may be available from the grading services and the Bidder is referred to them for further details: Numismatic Guaranty Corporation (NGC), P.O. Box 4776, Sarasota, FL 34230, http://www.ngccoin.com/ services/writtenguarantee.asp; Professional Coin Grading Service (PCGS), PO Box 9458, Newport Beach, CA 92658, http://www.pcgs.com/guarantee.html; ANACS, 6555 S. Kenton St. Ste. 303, Englewood, CO 80111; and Independent Coin Grading Co. (ICG), 7901 East Belleview Ave., Suite 50, Englewood, CO 80111.

COINS & CURRENCY TERM E: Notes sold referencing a third-party grading service are sold "as is" without any express or implied warranty, except for guarantee by Auctioneer that they are genuine. Grading, condition or other attributes of any lot may have a material effect on its value, and the opinion of others, including third-party grading services such as PCGS Currency and PMG may differ with that of Auctioneer. Auctioneer shall not be bound by any prior or subsequent opinion, determination, or certification by any grading service. Bidder specifically waives any claim to right of return of any item because of the opinion, determination, or certification, or lack thereof, by any grading service. Certain warranties may be available from the grading services and the Bidder is referred to them for further details: Paper Money Guaranty (PMG), PO Box 4711, Sarasota FL 34230; PCGS Currency, PO Box 10470, Peoria, IL 61612-0470; PCGS Gold Shield, PO Box 9458, Newport Beach, CA 92658. Third-party graded notes are not returnable for any reason whatsoever.

COINS & CURRENCY TERM F: Notes graded by PCGS Currency between February 4, 2009 and January 30, 2019 were graded and authenticated by K3B, Inc. under license from Collectors Universe, Inc. K3B, Inc., now operating as Legacy Currency Grading, has expressed in writing that notes graded under the license during this time period will still be covered by the full written guaranty of PCGS Currency. Warranties may be available from Collectors Universe, Inc. for all PCGS Currency notes graded prior to February 4, 2009.

COINS & CURRENCY TERM G: Since we cannot examine encapsulated coins or notes, they are sold "as is" without our grading opinion, and may not be returned for any reason. Auctioneer shall not be liable for any patent or latent defect or controversy pertaining to or arising from any encapsulated collectible. In any such instance, purchaser's remedy, if any, shall be solely against the service certifying the collectible.

COINS & CURRENCY TERM H: Due to changing grading standards over time, differing interpretations, and to possible mishandling of items by subsequent owners, Auctioneer reserves the right to grade items differently than shown on certificates from any grading service that accompany the items. Auctioneer also reserves the right to grade items differently than the grades shown in the prior catalog should such items be reconsigned to any future auction.

COINS & CURRENCY TERM I: Although consensus grading is employed by most grading services, it should be noted as aforesaid that grading is not an exact science. In fact, it is entirely possible that if a lot is broken out of a plastic holder and resubmitted to another grading service or even to the same service, the lot could come back with a different grade assigned.

COINS & CURRENCY TERM J: Certification does not guarantee protection against the normal risks associated with potentially volatile markets. The degree of liquidity for certified coins and collectibles will vary according to general market conditions and the particular lot involved. For some lots there may be no active market at all at certain points in time.

COINS & CURRENCY TERM K: All non-certified coins and currency are guaranteed genuine, but are not guaranteed as to grade, since grading is a matter of opinion, an art and not a science, and therefore the opinion rendered by the Auctioneer or any third party grading service may not agree with the opinion of others (including trained experts), and the same expert may not grade the same item with the same grade at two different times. Auctioneer has graded the noncertified numismatic items, in the Auctioneer's opinion, to their current interpretation of the American Numismatic Association's standards as of the date the catalog was prepared. There is no guarantee or warranty implied or expressed that the grading standards utilized by the Auctioneer will meet the standards of any grading service at any time in the future.

COINS & CURRENCY TERM L: Storage of purchased coins and currency: Purchasers are advised that certain types of plastic may react with a coin's metal or transfer plasticizer to notes and may cause damage. Caution should be used to avoid storage in materials that are not inert.

COINS & CURRENCY TERM M: NOTE: Purchasers of rare coins or currency through Heritage have available the option of arbitration by the Professional Numismatists Guild (PNG); if an election is not made within ten (10) days of an unresolved dispute, Auctioneer may elect either PNG or A.A.A. Arbitration.

COINS & CURRENCY TERM N: For more information regarding Canadian lots attributed to the Charlton reference guides, please contact: Charlton International, PO Box 820, Station Willowdale B, North York, Ontario M2K 2R1 Canada.

COINS & CURRENCY TERM O: Financing. Auctioneer offers various extended payment options to qualified pre-approved persons and companies. The options include Extended Payment Programs (EPP) Flexible Payment Program (FPP) and Dealer Terms. Each program has its specific terms and conditions and such terms and conditions are strictly enforced. Each program has to be executed by the purchaser. Auctioneer reserves the right to alter or deny credit and in such case these auction terms shall control.

For wiring instructions, call the Credit department at 877-HERITAGE (437-4824) or email: CreditDept@HA.com.

Rev. 6-1-2020

"He was professional, knowledgeable, responsive and exceeded our expectations.

We called 3 national auction houses to compare listing our items, and it was because of Jim (Wolf), that we went with Heritage. I manage five nonprofit entities and we will be referring anyone with specialty auction needs to Heritage from now on. He is an asset to Heritage Auctions."
